

## **CODE OF ETHICS**

The ethical problems facing local, national, and global business communities are an ever-increasing challenge. It is essential the College of Business and Technology (CBT) help students prepare for lives of personal integrity, responsible citizenship, and public service. In order to accomplish these goals, students and faculty of the College of Business and Technology at The University of Texas at Tyler will:

- Ensure honesty in all behavior, never cheating or knowingly giving false information.
- Create an atmosphere of mutual respect for all students and faculty regardless of race, creed, gender, age, or religion.
- Develop an environment conducive to learning.
- Encourage and support student organizations and activities.
- Protect property and personal information from theft, damage, and misuse.
- Conduct themselves in a professional manner both on and off campus.
