THE UNIVERSITY OF TEXAS AT TYLER

Finding OER No-Cost / Low-Cost Material Classes

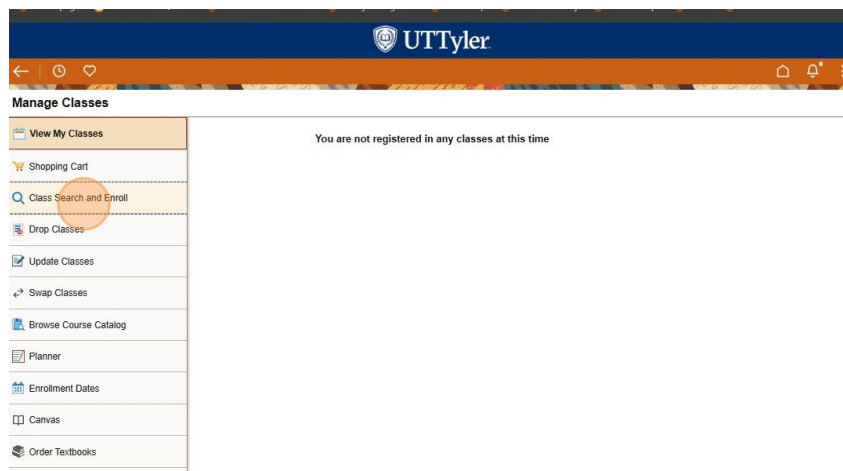

1. Hello, Patriot,

Do you know what OER stands for? OER is Open Educational Resources. These are educational resources such as textbooks, readings, online labs, videos, and other materials required to be successful in the course. With open resources, you can generally find access to materials at no cost or a low associated cost versus buying an expensive textbook. At UT Tyler, we use a class attribute function to identify our courses that have no cost or low-cost associations with the materials.

You can filter through classes on a search to find these OER class options. On your MyUTTyler account, select the 'Manage Classes' title.

2. Select Class Search and Enroll.

3. Select the semester you are needing to enroll in.

Manage Classes

Terms prior to 2025 Fall - SOM

Terms on or after 2025 Fall - SOM

2025 Fall - SOM

2025 Fall

2026 Spring - SOM

4. In the class search textbox, type OER and select the arrow to begin the search.
