

How to Request a Change of Major

- To ensure a seamless process, make sure to connect with an academic advisor over your major area of interest prior to submission of this request.

Starting on your MyUTTyler Homepage, Select the Form Library tile.

- Read through the instructions on the Important Information page of the Form Library.

Select Change of Major on the left menu to open the form.

Change of Major/Minor

Changing/declaring major(s) or emphasis/specialization area(s):

To change your major, select the appropriate form from This Forms Library Collection to the left. If you are eligible to submit a Change of Major request, there will be options to Add Double Major/Degree and Change Major Or Add one or more Minors/Subplans. There will also be options to remove any Major or Minors. You may never have less than 1 Major. Some Majors require a minimum of one or more Minors/Subplans.

Students must consult an advisor to discuss the implications of changing majors, minors, or other degree plan requirements, and obtain their request approval before any changes will be processed to the student account.

After initiating the request, the intended college/department/program responsible for permitting the change of major will receive your request and review your account. They will then contact you to arrange consultation regarding degree plan and any impacts to your expected graduation date.

NOTE! Your change of major will not take effect on Transcripts or your student account until the conclusion of the current semester/term.

Regarding Form Requests, please note submission does not guarantee approval, further consultations with University Staff may be necessary. All submissions will always be processed as of the date of submission.

When you select the magnifying glass under the Sub-Plan a list of Emphasis or Specialization areas specific to the major selected will display on screen.

- Select the Emphasis/Specialization option you desire to return to the Change of Major form.

If multiple subplans are required a new Emphasis/Specialization field will display. Repeat the two previous steps to select your second desired subplan.

Some majors require or allow an optional minor area of study. If the minor options displays and you desire a minor, you can repeat the same previous two steps to review minor options and select the desired area of study.

Once your required fields are complete, select Confirm in the top right to continue.

Once you confirm your change of major your new advisor will review and either approve or deny your request.

It may be necessary for an advising session to be scheduled prior to approval.

[<< Previous](#) [Confirm](#)

Once Continue is selected, a confirmation page reviewing the changes displays. Review the information carefully, select Confirm to submit your change request.

- The form will be sent to the advisors in the selected fields of study for approval. You're all done! If the advisor has questions or clarifications, they will reach out to you. Please monitor your patriots email account.
