Students will be encouraged to take ownership in their own learning through critical and reflective thinking regarding the roles and responsibilities of effective superintendents. Students will explore educational issues, problem-solve, and apply knowledge learned through a systematic examination of critical issues in educational leadership and a formal inquiry-based approach.

**Evaluation and Grading**

- **Article for Publication** – Students must complete a manuscript for publication on a current issue in public schools. Students will be required to submit this manuscript for publication in a state journal. This will be discussed more clearly in class.
- **Resume/Cover Letter** – Students will prepare a resume/cover letter relevant for applying for superintendent positions.
- **Internship questions** – Students will be guided through the workings of the school superintendent through topical questions. These questions will be due with the module assignments.
- **Superintendent Interview** – Students will interview their superintendent mentor with questions provided in the module.
- **Leadership Assignments** – Students will participate in field-based assignments in their district. Note: For all experiences, you will create a video about your experience and upload it to Canvas. You will need to put it on YouTube first and add the link to the Canvas Assignment. Include a review of what was learned and anything insights you developed from the experience. Provide the link in the “quiz” related to this experience. I (or a field supervisor) must be able to observe 135 minutes of leadership activities from videos, videoconferences, and face-to-face on-site meetings. The first observation must take place within the first 6 weeks of the practicum class.
- **Improvement of District Report** – The culminating report will review the current status of your district and strategies for improving these areas if you were superintendent.
- **TExES Preparation** – There will be quizzes related to the preparation of the TExES Superintendent Certification Exam.
- **Take the TExES** – The ultimate goal of the superintendent program is preparation, and certification, for the superintendency. Although no points are awarded for taking the TExES, a student will be given an “IP” until the superintendent TExES Exam is completed.
• Practicum Log – You need to keep a log of time spent in the internship. A minimum of 160 hours is to be spent working on these assignments and leadership activities. This will be turned in at the end of the semester, signed by both you and your mentor.

• Field Supervision – You will be provided an UT Tyler Field Supervisor and training regarding field supervision during the course. Formal observations between you and your field supervisor must be at least 135 minutes in duration in total throughout the practicum and must be conducted and documented by the field supervisor. You are required to maintain contact with your field supervisor throughout the practicum. The field supervisor will complete the observation form, then route it to the candidate and site-supervisor/mentor. This will be your opportunity to discuss it with your site-supervisor, provide feedback on the form, and then you will upload the document into the Canvas Learning Management System (LMS).

• Required videos – You will need to videotape yourself several times during the practicum, and these will be critiqued by the field supervisor. The field supervisor will provide comments to you, your site supervisor, and your university supervisor. There will be an online pre-and post-conference included with these and other videos. Although videos may include unique work you are doing on your campus, the following types of videos are required:

  • A video of you completing a maintenance walk of the district. The video should show the facilities, issues that need to be addressed, and possible solutions to the issue. In addition, you must show the appearance and signs around and within the district and discuss the messages being sent with these non-verbal cues.

  • A video of you presenting on a topic before faculty or school board members. I prefer this be an authentic presentation, but if this is impractical, we can discuss how to make it work without a group. The purpose of this video is to show the skills needed to effectively impart a message. We will discuss this more in the module.

  • A video of you conferencing with a “principal” in regard to the T-PESS. The topic to be discussed will be determined during the practicum, and the “principal” can be someone willing to play that role. Although this may not be authentic, conferencing is an important part of success in the superintendency and is something that needs to be practiced.

  • A video of you showing the budget process, including methods of determining anticipated revenue and expenditures, processes of getting input from stakeholders, and ways to determine the tax rate.

  • A video of you leading a group to consensus regarding an issue of district concern. Once again, it is preferred that this video be authentic.

Note: The total video observations times must be a minimum of 135 minutes.

Assessment Specifics & Assignments

Final Grade Calculations
The practicum is a “Credit” or “No Credit” course. The work will be based on total percentage of points gained from assignments. All work will be continued until it meets the standards judged by the professor. In the event that the TExES Exam is not completed or the assigned work does not meet the graduate standards by the end of the semester, the student will receive “In Progress (IP)” as the course grade until completed. University policy dictates that graduate students have one semester to complete an IP the coursework before an “NC” is assigned.

CR - Credit
NC – No Credit
IP – In Progress

All assignments must be completed by midnight on Sunday night. All assignments are expected to be completed at graduate level quality and adhere to the stated assignment criteria. Assignments not meeting graduate level quality and require the student to redo and resubmit will be adjusted by 10%.

Late assignments will only be accepted with prior permission of the instructor and will be subject to a penalty of 10% and an additional 10% will be deducted for each week the assignment is past due. Please do not wait until the last minute to submit your assignment as sometimes technology and online systems do not always cooperate. Please do not hesitate to email your instructor if you need help, clarification, or extra time.

Teaching Strategies

EDLR 5375 utilizes 100% online instruction through UT Canvas. The instructor uses lecture module format and a constructivist learning experience in an electronic environment. Since the class is exclusively online, the instructor will serve as a facilitator of knowledge and skills for the successful completion of the practicum experience.

Related Field Experiences

EDLR 5375 is an integral component of the Educational Leadership Program. Student Learning Outcomes for 5375 are derived from the Student Learning Outcomes for the Educational Leadership Program. These outcomes are infused into the internship experience and assessed in the TExES required for all students who are awarded a Texas Superintendent’s Certificate. The internship A minimum of 160 clock hours of practicum experience is required with 135 minutes observable leadership activities from videos, videoconferences, and face-to-face on-site meetings. The first observation must take place within the first 6 weeks of the practicum class. This is designed to be a practical experience in the field. The student should develop an understanding of the superintendent position through work with a superintendent mentor. Students will report experiences through videos and written reports put in Canvas.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttyler.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

University Withdrawal Dates:

***Last day to withdraw to receive 100% refund for partial withdrawals is on or before the Census Date for Fall classes: September 10, 2018.

***Last day to withdraw to receive a W or Q is November 5, 2018.

EDLR 5375 Practicum in the Superintendency
