**Evaluation and Grading**

1. Quizzes/Assignments/In-ClassActivities/Exams 10%
2. UDL Project 40%
3. IEP Project 40%
4. Social Story 10%
5. Attendance Required

**Quizzes/Assignments** - Active involvement is the key to learning! Your participation is important and required to do well in this course. Students are expected be well prepared to engage in scholarly discussion of the scheduled subject matter. All students are expected to fully participate in all class activities. Students are expected to respect (not necessarily agree with) opinions of classmates. Become an active participant by extending ideas presented by sharing new information and new resources on the subject area. Ask questions and demonstrate being prepared (having read assigned materials). Students must be prepared for class by reading assigned materials prior to class.

At various time throughout the semester, assignments such as reflections, case studies, discussion board groups, book or movie reflections, website or software exploration, etc, will be assigned to provide you the opportunity to demonstrate your understanding of a specific topic. These will be in addition to the scheduled online assignments discussed below. These activities will be related to the assigned topic for the day or to the class discussion from the previous class period. It is anticipated that activities may include either individual or group assignments and some may be completed during class time.

Throughout the semester, you will be expected to participate with your peers in class activities. These activities are extensions of the topic being discussed during the class session. You must be present during class to receive these points. No extra credit will be awarded to make up these points. **Due Date: Unscheduled.**
UDL Project: This project will provide you with the ability to show what you have learned during this semester. More information will be shared in class.

IEP Project: You will create a standards-based IEP for a student who demonstrates a mild/moderate disability. More information will be provided in class.

Social Story: You will create a social story to address the social needs of a student. More information will be provided in class.

Course Policies

Attendance. Your attendance and participation are important and required to dwell in this course. Students are expected to come to class and be well prepared to engage in scholarly discussion on the day’s scheduled subject matter. A student will not be able to dwell in the class without prompt and regular attendance. Class attendance and participation is expected. Arriving late or leaving early is considered an absence. If you are absent on the day an assignment is due, you are still expected to submit the assignment on time (e.g., via email or through another student). Points will be deducted from the final grade due to absences. Students will not be penalized for religious holidays. Absences will be treated as follows:

1 Absence = No Point Loss
2 Absences = 10 Point Deduction * Must schedule conference after 2nd absence
3 Absences = 25 Point Deduction
4 Absences = 40 Point Deduction

Make/Up exam. There will be NO make/up activities or exams for this course unless absence is due to an emergency. Students are expected to submit relevant documentation (e.g. doctor’s note, funeral notice, tow-truck receipt, etc.) when requesting a make/up activity.

Written Assignments. Written assignments MUST be typed using double spaced lines and have page numbers. In addition, work submitted should reflect professional quality in terms of scope, depth, writing mechanics, and appearance that would be expected of students at prestigious universities. Proofread all assignments only. Materials with minimal or no errors will receive high scores. Type assignments in an easily-readable 12 point (e.g. Times New Roman, Helvetica, Tahoma)

Late Assignments:

Assignments and projects are expected to be handed in on time. An assignment will be considered late if it is not turned in the day it is due. Assignments are expected to be dropped in the assignment box on Canvas even if you are not in class. You may turn in your assignment early. Late assignments are not accepted unless prior arrangements have been made with the instructor. Assignments and due dates are posted on the course syllabus. To see if you are really reading this syllabus, please email me a picture of your favorite animal by September 3 and I will add 2 points to your class participation grade. Don’t alert your peers. Let’s see if everyone is reading their syllabus.

Academic Dishonesty. To be successful in this class, you must invest time for study. Honesty is expected. Academic dishonesty (cheating, plagiarism, collusion) will NOT be tolerated and will result in a grade of zero (0) for the assignment. A second infraction will result in automatic failure of the class. Dishonesty is defined as (i) the use of unauthorized materials, (ii) any communication with peers during quizzes, (iii) representing another’s work as one’s own (i.e. plagiarism) or (iv) fabricating information. The professor reserves the right to determine occurrences of cheating. Additional information on Academic Dishonesty is found in the Selected University Policies section of this syllabus.
• **Canvas**: Students will access class notes, assignments, grades and course information through Canvas. Any changes to the course schedule, schedule of assignments, or any special assignments will be posted on Canvas. Students are expected to regularly check Canvas for updates and to download any class handouts. Please refer to [http://www.Canvas.uttler.edu](http://www.Canvas.uttler.edu) for more information.

• **DEVICENCLASS**: Out of respect for your fellow students, your professor, and the educational process, all technology devices (i.e. cell/smartphones, laptops, iPads, etc.) **must be powered down and put away unless otherwise indicated by the professor.** Cell phones may be left on vibrate for emergency notification purposes only. Students will be allowed to use the electronic devices during designated technology breaks. Texting or other cell phone use during class time may result in a reduction of your participation points.

• **Person First Language**: Our language is a reflection of our attitudes. Always refer to persons with disabilities with respect. Degrading terminology will not be tolerated. In this class we will strive to use “person first” language at all times. “PeopleFirst” language always refers to the person first and not a label or a category. For example, refer to “a student with autism” and not “an autistic”.

• **Teacher Candidate Dispositions**: The University of Texas at Tyler School of Education has developed **Teacher Candidate Disposition Assessment** outlining professional behaviors educators are expected to demonstrate in their interactions with students, families, colleagues and communities. The process assumptions, dispositionstobe assessed, and examples of deficiencies within each disposition assessment categories are available at the UT-Tyler School of Education website: [www.uttler.edu/education](http://www.uttler.edu/education) (access School of Education; School of Education Disposition Assessment). It is expected that all students enrolled in EDSP 3354 will adhere to and demonstrate these teacher candidate dispositions at all times.

**Safe Zone**

The professor considers this classroom to be a place where you will be treated with respect as a human being - regardless of gender, race, ethnicity, national origin, religious affiliation, sexual orientation, political beliefs, age, or ability. Additionally, diversity of thought is appreciated and encouraged, provided you can agree to disagree. It is the professor's expectation that ALL students consider the classroom a safe environment.
