EDSP 5370
Learning Theory as Applied to Individuals with Disabilities
University of Texas at Tyler School of Education

Course: EDSP 5370
Semester & Year: Summer 2016
Time & Days: Online
Location: Online

Jessica A. Rueter, PhD
Assistant Professor of Special Education
School of Education
Office: BEP 240
Office Hours: Tuesdays 2 p.m. - 3 p.m. via Zoom. All other by appointment.
Use this link to access Virtual Office Hours via Zoom. Join from PC, Mac, iOS or Android:
https://uttyler.zoom.us/j/4154056690
E-Mail: jrueter@uttyler.edu

It is my desire that each of you profit from this course. Please contact me via e-mail or phone or
meet with me during office hours if you need any assistance. Appointments are NOT required,
but are appreciated, preferred and given priority.

Course Catalog Description
This course investigates the major learning/cognitive theories applied to programs for individuals
with disabilities.

Student Learning Outcomes
The following student learning outcomes are aligned with the standards as delineated by the
specific learning outcomes of the Educational Diagnostician State Board for Educator
Certification (SBEC) and the Council for Exceptional Children (CEC) Advanced Special
Education Diagnostician Specialist Standards.

<table>
<thead>
<tr>
<th>Objectives/Learning Outcomes</th>
<th>Standards: SBEC CEC</th>
</tr>
</thead>
</table>
| 1. To demonstrate knowledge of the cognitive theories that influence student learning and the assessment process.  
  a. origin of intellectual assessment  
  b. contemporary theoretical perspectives | Domain II-Standard IV  
Domain III-Standard X  
ACC2K2  
ED3S1 |
| 2. To demonstrate skills in applying the concepts of the major cognitive theories for the purpose of writing full individual evaluations and to design curriculum and instructional | Domain II-Standard IV  
Domain III-Standard X  
ACC2K2  
ACC3S3 |
Evaluation and Grading

Grading is based on the total number of points accumulated by each student at the end of the semester for all evaluations including exams, assignments, class activities and any bonus points awarded.

1. **Exams**: These are intended to measure student comprehension of course material (lectures, handouts, class discussions, and assigned readings). There will a midterm and final exam. (50 points each.)

2. **Module Quizzes**: Items and learning activities contained in the module are potential questions for quizzes. For example -- chapter readings, outside reading assignments, articles, video clips, Tegrity lectures, assignments/activities, etc. (10 points each)

3. **Article Review**: A research article will be provided for you to read and critique. A template for the article review and scoring rubric will be posted on Blackboard. (1 @ 20 points)

4. **Research Paper**: Students will complete a research paper on an aspect of cognitive/intellectual theories. Each student will compose an 8 page (this does not include the reference page, abstract, or title page) research paper adhering to APA (6th edition) standards. A minimum of six scholarly references must be used (excluding the textbook). Topics for the research paper and scoring rubric will be posted on Blackboard. (100 points)

5. **Zoom Conference**: Each student will participate in one Zoom Conference during the semester. The primary purpose of this video-conference is to build an on-line community of learners (1 @ 75 points each = 75 points).

6. **Informal Writing Opportunities**: Reflecting upon the assigned readings is one way to connect deeply with the key ideas and main concepts in the module. Two times during the semester, you will reflect upon the assigned readings through informal writing assignments (2 @ 5 points each = 10 points).

Possible Points

1. Exams (2 @ 50 points each) 100 points
2. Weekly Quizzes (4 @10 pts each) 40 points
3. Research Paper 100 points
4. Article Review 20 points
5. Informal Writing Opportunities 10 points
6. Zoom Conference 75 points

TOTAL 345 points

Grading Scale

Grading is based on your accumulated score as a percent of the total cumulative score available based on the following formula.

\[
\text{Total points you accumulated} \div \text{Maximum points possible} \times 100 = \% \\
\]

A = 90-100%
B = 80-89%
C = 70-79%
D = 60-69%
F = 68% and below

Keep track of your scores for the course through Blackboard’s Student Tools folder.

*It is my policy not to discuss grades via email. If you need to discuss grade issues, please email me to schedule a zoom conference. This will allow us time to review your concern and allow me to give you my undivided attention.*

Teaching Strategies

The following instructional strategies will be employed during this class: Tegrity lectures, YouTube video clips/lectures, Blackboard activities, multimedia and simulations.

Required Text and Related Readings

1. Students will access class notes, assignments, grades and course information through Blackboard. Any changes made to the course schedule, schedule of assignments, or any
special assignments will be posted to Blackboard. Students are expected to regularly access Blackboard.

2. Other readings as assigned in class

Code of Conduct

Please see section 209 of the University of Texas at Tyler Handbook of Operating Procedures for specific information about expectations related to student conduct.

Course Policies

• **People First Language/Class Etiquette:** Our language is a reflection of our attitudes. Always refer to persons with disabilities with respect. Degrading terminology will not be tolerated. In this class we will strive to use “people first” language at all times. “People First” language always refers to the person first and not as a label or a category. For example, refer to “a student with autism” and not “an autistic child.

• **Safe Zone:** I consider this classroom to be a place where you will be treated with respect as a human being - regardless of gender, race, ethnicity, national origin, religious affiliation, sexual orientation, political beliefs, age, or ability. Additionally, diversity of thought is appreciated and encouraged, provided you can agree to disagree. It is my expectation that ALL students consider the classroom a safe environment.

• **Communication:** You’ll need to log in to Blackboard regularly (at least once a week) to view that week’s assignments and check announcements and the Coffee & Conversations discussion board – this is a forum in Blackboard that is for you to pose questions and general musings about the course. Before emailing me with questions, please post them here because 1) your classmates will respond more quickly with an answer, and 2) everyone in the class has the benefit of that answer. I will check this board periodically and answer any questions that have not been answered by your classmates or that still seems to be unclear. I encourage you to use Coffee and Conversations as an environment to interact with and support one another throughout the semester.

If you need to email me privately, I normally respond to emails within 24 hours during the week, and up to 48 hours on a weekend. If you email me over a weekend, holiday break, or semester break, there may be a longer response time.

Also, it is my policy to discuss grades in a live, face-to-face meeting so that we can clearly communicate and I can hear your perspective and you can hear mine as this promotes open dialogue. If you have questions about grades or your performance in this class, I’m happy to meet with you in a Zoom conference.

• **Course Organization and Frequent Logins:** This course is organized into learning modules. The modules will open Mondays at 6:00 a.m. and close Sundays at 11:59 p.m. unless otherwise noted. Because this is an online course, on-campus attendance is not
applicable. However, you must demonstrate self-motivation and be disciplined to complete the course activities and assignments in a timely manner. Thus, frequent (not less than once a week) logins to the course are expected.

- **Late assignments:** Because this is an online class, you have a lot of flexibility in where and when you complete many of your assignments. You have many opportunities to submit the assignment on time throughout the week. You will need to be proactive and plan ahead to submit assignments on time even if you are temporarily unavailable (i.e. illness, vacations, family emergency, weddings, funerals, etc.).

  Assignments are due Sundays at 11:59 p.m. as determined by the module schedule. *Late assignments will not be accepted unless you have made prior arrangements with me 48 hours in advance of the due date/time.* Assignments and due dates are noted on the course schedule located in the syllabus.

  There will be **NO make-up activities or exams** for this course unless there is an extended emergency that encompasses more than the time allowed in the module. Relevant documentation must be submitted (i.e. doctor’s note) in the event of a make-up activity to receive full credit.

- **Written assignments:** Possessing the ability to clearly communicate in writing is an essential skill in our jobs as educational diagnosticians for the children and families we serve. Therefore, written assignments must be typed using double spacing lines and have page numbers. In addition, work submitted must reflect a professional quality in terms of scope, depth, writing mechanics, and appearance. Proofread all assignments as only materials with minimal or no errors will receive high scores.

- **Blackboard:** You will access class lectures, assignments, grades, and course information through Blackboard. Any changes to the course schedule, schedule of assignments, or any special assignments will be posted on Blackboard.

- **Technology:** Because this is an online course, you are expected to possess basic technology skills. However, if you are struggling with technology, please post your questions on coffee and conversations, or in many cases you can find answers to your question on Google or other search engines. For issues related to Blackboard, please contact IT Support at [http://bit.ly/StudentBbHelp](http://bit.ly/StudentBbHelp)

- **Zoom Conferences:** Zoom conferences are face-to-face class meetings. Thus, face-to-face class etiquette will apply. Please create a distraction free environment while in our meeting. Zoom Conferences will begin at the time scheduled and will last approximately 30 to 45 minutes. To earn points for the Zoom conference you are expected to be in attendance for the duration of the meeting and actively contribute to the conversation. You will not earn points if the environment is inappropriate for the conference, you are late to sign in, you exit the conference early, you leave the conference and reenter even if you are only gone for a minute or two, or there are significant interruptions during the meeting. Please take note of the following guidelines:
a. Create an environment that is conducive for participating in Zoom conferences. For example, this could be your office at home or school or your kitchen table as long as it is distraction free. Participating in Zoom conferences in your car while you are driving or while engaged in activities not related to the conference will be considered as an inappropriate environment and you will not receive credit for attendance.

b. Please make sure that you have access to a web-cam. We want to see your bright smiling face.

c. Make plans to sign in early and have your technology working before the start of the meeting.

d. If you have family members and or children in the home, please inform them that Zoom conferences are face-to-face class sessions and that you are expected to actively participate and contribute to the discussion without interruptions.

e. Make plans to attend the entire Zoom conference and contribute to the meeting. That is, have your commute and errands completed, family activities, obligations, and childcare taken care of before signing in for the meeting.

UNIVERSITY POLICIES

UT Tyler Honor Code
Every member of the UT Tyler community joins together to embrace: Honor and integrity that will not allow me to lie, cheat, or steal, nor to accept the actions of those who do.

Students Rights and Responsibilities
To know and understand the policies that affect your rights and responsibilities as a student at UT Tyler, please follow this link: http://www.uttyler.edu/wellness/rightsresponsibilities.php

Grade Replacement/Forgiveness and Census Date Policies
Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Long Summer, the Census Date is June 6th.) Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttyler.edu/registrar. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (June 6th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy
Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).
Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Disability Services
In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University offers accommodations to students with learning, physical and/or psychiatric disabilities. If you have a disability, including non-visible disabilities such as chronic diseases, learning disabilities, head injury, PTSD or ADHD, or you have a history of modifications or accommodations in a previous educational environment you are encouraged to contact the Student Accessibility and Resources office and schedule an interview with the Accessibility Case Manager/ADA Coordinator, Cynthia Lowery Staples. If you are unsure if the above criteria applies to you, but have questions or concerns please contact the SAR office. For more information or to set up an appointment please visit the SAR office located in the University Center, Room 3150 or call 903.566.7079. You may also send an email to cstaples@uttyler.edu

Student Absence due to Religious Observance
Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester.

Student Absence for University-Sponsored Events and Activities
If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement:
It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation:
Everyone is required to exit the building when a fire alarm goes off. Follow your instructor’s directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.

Student Standards of Academic Conduct: Disciplinary proceedings may be initiated against any student who engages in scholastic dishonesty, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

(i) "Cheating" includes, but is not limited to:
• copying from another student’s test paper;
• using, during a test, materials not authorized by the person giving the test;
• failure to comply with instructions given by the person administering the test;
• possession during a test of materials which are not authorized by the person giving the test, such as class notes or specifically designed “crib notes”. The presence of textbooks constitutes a violation if they have been specifically prohibited by the person administering the test;
• using, buying, stealing, transporting, or soliciting in whole or part the contents of an unadministered test, test key, homework solution, or computer program;
• collaborating with or seeking aid from another student during a test or other assignment without authority;
• discussing the contents of an examination with another student who will take the examination;
• divulging the contents of an examination, for the purpose of preserving questions for use by another, when the instructors has designated that the examination is not to be removed from the examination room or not to be returned or to be kept by the student;
• substituting for another person, or permitting another person to substitute for oneself to take a course, a test, or any course-related assignment;
• paying or offering money or other valuable thing to, or coercing another person to obtain an unadministered test, test key, homework solution, or computer program or information about an unadministered test, test key, home solution or computer program;
• falsifying research data, laboratory reports, and/or other academic work offered for credit;
• taking, keeping, misplacing, or damaging the property of The University of Texas at Tyler, or of another, if the student knows or reasonably should know that an unfair academic advantage would be gained by such conduct; and
• misrepresenting facts, including providing false grades or resumes, for the purpose of obtaining an academic or financial benefit or injuring another student academically or financially.

(ii) “Plagiarism” includes, but is not limited to, the appropriation, buying, receiving as a gift, or obtaining by any means another’s work and the submission of it as one’s own academic work offered for credit.

(iii) “Collusion” includes, but is not limited to, the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any section of the rules on scholastic dishonesty.

(iv) All written work that is submitted will be subject to review by SafeAssign™, available on Blackboard.

UT Tyler Resources for Students:
• UT Tyler Writing Center (903.565.5995), writingcenter@uttyler.edu, http://www.uttyler.edu/writingcenter/
• UT Tyler Tutoring Center (903.565.5964), tutoring@uttyler.edu, https://www.uttyler.edu/tutoring/
• The Mathematics Learning Center, RBN 4021, This is the open access computer lab for math students, with tutors on duty to assist students who are enrolled in early-career courses.
• UT Tyler Counseling Center (903.566.7254) https://www.uttyler.edu/counseling/

COLLEGE OF EDUCATION AND PSYCHOLOGY (CEP) VISION AND MISSION

Vision: The College of Education and Psychology is nationally recognized and respected for its academic programs and opportunities. It is a center of academic excellence, scholarly inquiry, and public service. The College prepares leaders to meet the critical challenges of the 21st Century through productive contributions to local and global communities and toward individual and cultural equity.

Mission: The mission of the College of Education and Psychology is to provide a positive environment that fosters the acquisition of knowledge and skills. The mission is individually and collectively realized through a community of scholars that contributes to knowledge through scholarly inquiry; organizes knowledge for application, understanding and communication; and provides leadership and service. We affirm and promote global perspectives that value individual and cultural diversity to enhance learning, service, and scholarship.

Code of Ethics and Standard Practices for Texas Educators

Texas Administrative Code

TITLE 19  EDUCATION
PART 7  STATE BOARD FOR EDUCATOR CERTIFICATION
CHAPTER 247  EDUCATORS' CODE OF ETHICS
RULE §247.2  Purpose and Scope; Definitions

(b) Enforceable Standards.

(1) Professional Ethical Conduct, Practices and Performance.

(A) Standard 1.1. The educator shall not intentionally, knowingly, or recklessly engage in deceptive practices regarding official policies of the school district, educational institution, educator preparation program, the Texas Education Agency, or the State Board for Educator Certification (SBEC) and its certification process.
(B) Standard 1.2. The educator shall not knowingly misappropriate, divert, or use monies, personnel, property, or equipment committed to his or her charge for personal gain or advantage.
(C) Standard 1.3. The educator shall not submit fraudulent requests for reimbursement, expenses, or pay.
(D) Standard 1.4. The educator shall not use institutional or professional privileges for personal or partisan advantage.
(E) Standard 1.5. The educator shall neither accept nor offer gratuities, gifts, or favors that impair professional judgment or to obtain special advantage. This standard shall not restrict the acceptance of gifts or tokens offered and accepted openly from students, parents of students, or other persons or organizations in recognition or appreciation of service.
(F) Standard 1.6. The educator shall not falsify records, or direct or coerce others to do so.
(G) Standard 1.7. The educator shall comply with state regulations, written local school board policies, and other state and federal laws.
(H) Standard 1.8. The educator shall apply for, accept, offer, or assign a position or a responsibility on the basis of professional qualifications.
(I) Standard 1.9. The educator shall not make threats of violence against school district employees, school board members, students, or parents of students.
(J) Standard 1.10. The educator shall be of good moral character and be worthy to instruct or supervise the youth of this state.
(K) Standard 1.11. The educator shall not intentionally or knowingly misrepresent his or her employment history, criminal history, and/or disciplinary record when applying for subsequent employment.
(L) Standard 1.12. The educator shall refrain from the illegal use or distribution of controlled substances and/or abuse of prescription drugs and toxic inhalants.
(M) Standard 1.13. The educator shall not consume alcoholic beverages on school property or during school activities when students are present.

(2) Ethical Conduct Toward Professional Colleagues.
(A) Standard 2.1. The educator shall not reveal confidential health or personnel information concerning colleagues unless disclosure serves lawful professional purposes or is required by law.
(B) Standard 2.2. The educator shall not harm others by knowingly making false statements about a colleague or the school system.
(C) Standard 2.3. The educator shall adhere to written local school board policies and state and federal laws regarding the hiring, evaluation, and dismissal of personnel.
(D) Standard 2.4. The educator shall not interfere with a colleague's exercise of political, professional, or citizenship rights and responsibilities.
(E) Standard 2.5. The educator shall not discriminate against or coerce a colleague on the basis of race, color, religion, national origin, age, gender, disability, family status, or sexual orientation.
(F) Standard 2.6. The educator shall not use coercive means or promise of special treatment in order to influence professional decisions or colleagues.
(G) Standard 2.7. The educator shall not retaliate against any individual who has filed a complaint with the SBEC or who provides information for a disciplinary investigation or proceeding under this chapter.

(3) Ethical Conduct Toward Students.
(A) Standard 3.1. The educator shall not reveal confidential information concerning students unless disclosure serves lawful professional purposes or is required by law.
(B) Standard 3.2. The educator shall not intentionally, knowingly, or recklessly treat a student or minor in a manner that adversely affects or endangers the learning, physical health, mental health, or safety of the student or minor.
(C) Standard 3.3. The educator shall not intentionally, knowingly, or recklessly misrepresent facts regarding a student.
(D) Standard 3.4. The educator shall not exclude a student from participation in a program, deny benefits to a student, or grant an advantage to a student on the basis of race, color, gender, disability, national origin, religion, family status, or sexual orientation.
(E) Standard 3.5. The educator shall not intentionally, knowingly, or recklessly engage in physical mistreatment, neglect, or abuse of a student or minor.
(F) **Standard 3.6.** The educator shall not solicit or engage in sexual conduct or a romantic relationship with a student or minor.

(G) **Standard 3.7.** The educator shall not furnish alcohol or illegal/unauthorized drugs to any person under 21 years of age unless the educator is a parent or guardian of that child or knowingly allow any person under 21 years of age unless the educator is a parent or guardian of that child to consume alcohol or illegal/unauthorized drugs in the presence of the educator.

(H) **Standard 3.8.** The educator shall maintain appropriate professional educator-student relationships and boundaries based on a reasonably prudent educator standard.

(I) **Standard 3.9.** The educator shall refrain from inappropriate communication with a student or minor, including, but not limited to, electronic communication such as cell phone, text messaging, email, instant messaging, blogging, or other social network communication. Factors that may be considered in assessing whether the communication is inappropriate include, but are not limited to:

(i) the nature, purpose, timing, and amount of the communication;

(ii) the subject matter of the communication;

(iii) whether the communication was made openly or the educator attempted to conceal the communication;

(iv) whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship;

(v) whether the communication was sexually explicit; and

(vi) whether the communication involved discussion(s) of the physical or sexual attractiveness or the sexual history, activities, preferences, or fantasies of either the educator or the student.

**Source Note:** The provisions of this §247.2 adopted to be effective March 1, 1998, 23 TexReg 1022; amended to be effective August 22, 2002, 27 TexReg 7530; amended to be effective December 26, 2010, 35 TexReg 11242

**CEC ADVANCED SPECIAL EDUCATION DIAGNOSTICIAN SPECIALIST STANDARDS**

**Advanced Standard 1: Leadership and Policy**

Special educators in advanced programs learn to use their deep understanding of the **history of special education, current legal and ethical standards, and emerging issues** to provide leadership. Special educators **promote high professional self-expectations and help others understand the needs of individuals with exceptional learning needs.** They **advocate for educational policy based on solid evidence-based knowledge** to support high quality education for individuals with exceptional learning needs. As appropriate to their role, they **advocate for appropriate resources** to ensure that all personnel involved have effective preparation. Special educators use their **knowledge of the needs of different groups in a pluralistic society** to promote evidence-based practices and challenging expectations for individuals with exceptional learning needs. They model **respect for all individuals and ethical practice.** They help to create **positive and productive work environments** and celebrate accomplishments with colleagues. They mentor others and promote high expectations for themselves, other professionals, and individuals with exceptional learning needs.

**Advanced Standard 2: Program Development and Organization**

Special educators apply their **knowledge of cognitive science, learning theory, and instructional technologies** to improve instructional programs. They **advocate for a continuum of program options and services** to ensure the appropriate instructional supports for individuals with exceptional learning needs. They **help design and deliver, as appropriate to their role, ongoing results oriented professional development** designed to support the use of evidenced-based practices at all relevant organizational levels. They use their understanding of the **effects of cultural, social, and economic diversity and variations of individual development** to inform their development of programs and services for individuals with exceptional learning needs. Special educators **continuously broaden and deepen their professional knowledge, and expand their expertise with instructional technologies, curriculum standards, effective teaching strategies, and assistive technologies to support access to learning.** They use their deep understanding of how to **coordinate educational standards to the needs of individuals with**
exceptional learning needs to help all individuals with exceptional learning needs to access challenging curriculum standards.

**Advanced Standard 3: Research and Inquiry**

Research and inquiry inform the decisions of special educators who have completed advanced programs in guiding professional practice. Special educators know models, theories, philosophies, and research methods that form the basis for evidence-based practices in special education. This knowledge includes information sources, data collection, and data analysis strategies. Special educators evaluate the appropriateness of research methodologies in relation to practices presented in the literature. They use educational research to improve instructional techniques, intervention strategies, and curricular materials. They foster an environment supportive of continuous instructional improvement, and engage in the design and implementation of action research. Special educators are able to use the literature to resolve issues of professional practice, and help others to understand various evidence-based practices.

**Advanced Standard 4: Individual and Program Evaluation**

Evaluation is critical to advanced practice of special educators. Underlying evaluation is the knowledge of systems and theories of educational assessment and evaluation, along with skills in the implementation of evidence-based practices in assessment. Effective special educators design and implement research activities to evaluate the effectiveness of instructional practices and, as appropriate to their role, to assess progress toward the organizational vision, mission, and goals of their programs. It is critical in evaluation that nonbiased assessment procedures are used in the selection of assessment instruments, methods, and procedures for both programs and individuals. With respect to evaluation of individuals, special educators prepared at the advanced level are able to apply their knowledge and skill to all stages and purposes of evaluation including: prereferral and screening, preplacement for special education eligibility, monitoring and reporting learning progress in the general education curriculum and other individualized educational program goals.

**Advanced Standard 5: Professional Development and Ethical Practice**

Special educators are guided by the professional ethics and practice standards. Special educators have responsibility for promoting the success of individuals with exceptional learning needs, their families, and colleagues. They create supportive environments that safeguard the legal rights of students and their families. They model and promote ethical and professional practice. Special educators plan, present, and evaluate professional development, as appropriate to their roles, based on models that apply adult learning theories and focus on effective practice at all organizational levels. Special educators model their own commitment to continuously improving their own professional practice by participating in professional development themselves.

**Advanced Standard 6: Collaboration**

Special educators prepared at the advanced level have a deep understanding of the centrality and importance of consultation and collaboration to the roles within special education and use this deep understanding to integrate services for individuals with exceptional learning needs. They also understand the significance of the role of collaboration for both internal and external stakeholders, and apply their skill to promote understanding, resolve conflicts, and build consensus among both internal and external stakeholders to provide services to individuals with exceptional learning needs and their families. They possess current knowledge of research on stages and models in both collaboration and consultation and ethical and legal issues related to consultation and collaboration. Moreover, special educators prepared at the advanced level have a deep understanding of the possible interactions of language, diversity, culture and religion with contextual factors and how to use collaboration and consultation to enhance opportunities for individuals with exceptional learning needs.
