Course: EDUC 4322.001
Semester & Year: Fall 2018
Time & Day: Thursday 2:00 PM-4:45 PM
Location: HPR 262

Instructor Information: Dr. Joanna Neel
Associate Professor of Reading
Office: BEP 212-A
Phone: 903-565-5750
Email: jneel@uttyler.edu (preferred method of contact)

Office Hours: Mondays/ 9:30 AM-1:30 PM
Last Day to Withdraw: November 5, 2018
Career Conference: September 6, 2018 REQUIRED Attendance

Course Description
This course provides pre-service elementary teachers with the opportunity to acquire skills for effective planning, implementing and evaluation of instruction. Field Experience is required.

Current, research-based practices in classroom communication skills, delivery of instruction, questioning techniques, lesson design, and behavior management will be reviewed.

Student Learning Outcomes:

1. Design instruction appropriate for all students that reflects and understanding of relevant content and is based on continuous and appropriate assessment.

2. Promote student learning by providing responsive instruction that makes use of effective communication techniques, instructional strategies that effectively engage students in the learning process and timely, high-quality feedback.

3. Demonstrate a commitment to using technology to create an authentic learning environment that promotes problem-solving and decision making for diverse learners.

4. Differentiate instruction to meet the needs of diverse learners.
### Assessment and Standards Matrix:

ISTE: 7c

INTASC: 6

COURSE EVALUATION AND REQUIREMENT DESCRIPTION

Performance Assessments

Grading is based on the total number of points accumulated by each student at the end of the semester for all evaluations including exams, assignments, and class activities

1. Chapter Reading Quizzes (200 points)
Students are to complete reading assignments from the textbook. You should be prepared for class activities and discussions by reading all that is assigned before each class meeting. Participation in all class activities is required. During the course, you will be asked to complete a number of activities/workshop/scenarios/role playing exercises in class. Instructions and format will be discussed. Demonstration of your knowledge and participation is expected.

2. Lesson Plan 1 (100 points)
Daily lesson plans generally outline the content to be taught, motivational
techniques to be used, materials needed, specific activities, and evaluation methods. During the course, we will discuss various instructional models useful for daily lesson design and implementation. Understanding the theory and the appropriate practical application of each teaching model will help you to design lessons that successfully increase student learning. Students will write a complete lesson plan using one of the two UT Tyler School of Education lesson formats. Students may choose the grade level and subject for this lesson plan. HOWEVER, the lesson plan must be written at a grade level NOT EQUAL to the grade level the student is conducting their clinical field. It will be judged according to the rubric.

3. Observation Activity 1 (100 points)
Students in this course complete clinical field experiences throughout the semester. This practicum will occur on Tuesdays from 7:45am-2:00pm. Students are expected to grow as practitioners as they observe, teach, reflect, and improve upon best practices in the classroom. Students in this course will complete two Observation Activities associated with these clinical field experiences. Each of the Observation Activities is divided into Tasks to be completed over a series of Field days and NOT completed in one day of field.

4. Midterm Exam (100 points)
An exam comprised of multiple choice questions, short essays and two long essays to be completed ONLINE.

5. Observation Activity 2 (100 points)
Students in this course complete clinical field experiences throughout the semester. This practicum will occur on Tuesdays from 7:45am-2:00pm. Students are expected to grow as practitioners as they observe, teach, reflect, and improve upon best practices in the classroom. Students in this course will complete two Observation Activities associated with these clinical field experiences. Each of the Observation Activities is divided into Tasks to be completed over a series of Field days and NOT completed in one day of field.

6. Lesson Plan 2 (100 points)
Daily lesson plans generally outline the content to be taught, motivational techniques to be used, materials needed, specific activities, and evaluation methods. During the course, we will discuss various instructional models useful for daily lesson design and implementation. Understanding the theory and the appropriate practical application of each teaching model will help you to design lessons that successfully increase student learning. Students will write a complete lesson plan using the UT Tyler School of Education Teacher-Directed lesson formats. Students may choose the grade level and subject for this lesson plan. HOWEVER, the lesson plan must be written at a grade level NOT EQUAL to the grade level the student is conducting their clinical field. It will be judged according to the rubric.
7. Class Activities (100 points). A variety of in class activities will be implemented to practices and assess student learning of content. Students must be present in class to receive these points. There will be no make up work or extra credit available.

Attend The University of Texas at Tyler’s Career Conference September 6, 2018 - Submit proof of attendance to Dr. Neel- details announced in class.

Maximum Total of Points = 800

A=90-100%  B=80-89%  C=70-79%  D=60-69%  F=0-59%

*Last Day to Withdraw from Courses: November 5, 2018

Course Policies:

- **Attendance.** Your attendance and participation are important and required to do well in this course. Students are expected to come to class and be well prepared to engage in scholarly discussion on the day’s scheduled subject matter. A student will not be able to do well in the class without prompt and regular attendance. Class attendance and participation is expected. Arriving late or leaving early is considered an absence. If you are absent on the day an assignment is due, you are still expected to submit the assignment on time (e.g., via email or through another student). Points will be deducted from the final grade due to absences. Students will not be penalized for religious holidays (see policy below). Absences will be treated as follows:
  
  1 Absence = No Point Loss
  2 Absences = 10 Point Deduction* Must schedule conference after 2nd absence
  3 Absences = 25 Point Deduction
  4 Absences = 40 Point Deduction

- **Make/Up exam.** There will be NO make/up activities or exams for this course unless absence is due to an emergency. Students are expected to submit relevant documentation (e.g. doctor’s note, funeral notice, tow-truck receipt, etc.) when requesting a make/up activity.

- **Written Assignments.** Written assignments MUST be typed using double spaced lines and have page numbers. In addition, work submitted should reflect a professional quality in terms of scope, depth, writing mechanics, and appearance that would be expected of students at a prestigious university. Proofread all assignments as only materials with minimal or no errors will receive high scores. Type assignments in an easily-readable 12 point (e.g. Times New Roman, Helvetica, Tahoma)
Late Assignments (turning in after due date) Assignments are due at the beginning of class. Assignments that are one day late will be lowered 20%. Papers that are two days late will be lowered 50%. No assignments will be accepted after 48 hours unless arrangements have been made with the instructor.

- **Academic Dishonesty.** To be successful in this class, you must invest time for study. Honesty is expected. Academic dishonesty (cheating, plagiarism, collusion) will NOT be tolerated and will result in a grade of zero (0) for the assignment. A second infraction will result in automatic failure of the class. Dishonesty is defined as (i) the use of unauthorized materials, (ii) any communication with peers during quizzes, (iii) representing another’s work as one’s own (i.e. plagiarism) or (iv) fabricating information. The professor reserves the right to determine occurrences of cheating. Additional information on Academic Dishonesty is found in the Selected University Policies section of this syllabi.

- **Canvas:** Students will access class notes, assignments, grades and course information through Canvas. Any changes to the course schedule, schedule of assignments, or any special assignments will be posted on Canvas. Students are expected to regularly check Canvas for updates and to download any class handouts.

  - **Cell Phone / Pager / PDA / Blackberry usage:** Cell phones, pagers, etc., are not to be used during class. Turn such devices off or on vibrate and do NOT access them during class. The use of cell phone or other electronic communication devices during exams is prohibited. **Text messaging should be done before or after class!**

  - **Person First Language:** Our language is a reflection of our attitudes. Always refer to persons with disabilities with respect. Degrading terminology will not be tolerated. In this class we will strive to use “people first” language at all times. “People First” language always refers to the person first and not as a label or a category. For example, refer to “a student with autism” and not “an autistic”.

- **Teacher Candidate Dispositions.** The University of Texas at Tyler School of Education has developed **Teacher Candidate Disposition Assessment** outlining professional behaviors educators are expected to demonstrate in their interactions with students, families, colleagues and communities. The process assumptions, dispositions to be assessed, and examples of deficiencies within each disposition assessment categories are available at the UT-Tyler School of Education website: [www.uttyler.edu/education](http://www.uttyler.edu/education) (access School of Education; School of Education Disposition Assessment). It is expected that all students enrolled in EDSP 4269 will adhere to and demonstrate these teacher candidate dispositions at all times.
Safe Zone

The professor considers this classroom to be a place where you will be treated with respect as a human being - regardless of gender, race, ethnicity, national origin, religious affiliation, sexual orientation, political beliefs, age, or ability. Additionally, diversity of thought is appreciated and encouraged, provided you can agree to disagree. It is the professor's expectation that ALL students consider the classroom a safe environment.

Topical Outline:

See Addendum Attached

Final Exam: To Be Determined & Will be Announced 1st Day of Class.
