B. Catalog Description. A study of the specific reading needs of children in the pre-school and primary grades. Areas to be stressed include the interactive reading model, emerging literacy, essential knowledge and skills, lesson planning, literature-based and basal reading materials.

C. Knowledge Base(s). This course introduces students to the development of literacy in young children, beginning from birth and continuing into the upper elementary grades. Students will learn about the theories of early literacy development as well as research and effective instruction practices that have shaped how effective teachers have approached their work with young children (e.g., National Early Literacy Panel, 2008; Neuman, Copple, Bredekamp, 2000; Taylor, Pearson, Clark, & Walpole, 2000). Course content incorporates the following standards for the preparation of reading professionals:

1. *International Literacy Association* standards for the preparation of Pre-K and elementary teacher candidates (ILA, 2010);
2. *Association for Childhood Education International* standards for the preparation of early childhood educators with a focus on the standard for reading, writing, and oral language development ACEI, 2007);
3. *Texas State Board for Educator Certification* standards for the preparation of English Language Arts and Reading Generalist EC-6 teacher candidates (Texas State Board for Educator Certification, 2016);
4. *Texas Educator Standards* (Title 19: Chapter 149, Subchapter AA, Rule: 149.1001), which identify performance standards to be used to inform the training, appraisal, and professional development of teachers.
5. *Interstate Teacher Assessment & Support* Consortium 10 core teaching standards, which articulate what effective teaching and learning looks like in a transformed public education system (INTASC, 2011).
D. Student Learning Outcomes

Upon successful completion of the requirements of this course, students will have an opportunity to:

1. Develop foundational knowledge of the development of literacy in young children, beginning from birth and continuing into the upper elementary grades.
2. Explore an understanding literacy development theories, research, and effective instructional practices, and how they can be used to inform and promote reading, writing, and oral language development in young children.
3. Apply the knowledge gained about the development of literacy in young children to develop, implement, and evaluate literacy instruction in EC-6 settings.

E. Course Evaluation and Grading

The assignments and projects outlined below are designed to contribute in a different, and yet complementary way in achieving the stated learning outcomes.

- **Class Participation** (20% of course grade). Throughout the semester, you will be expected to attend every class, complete assigned readings, and engage actively in class discussions and related activities. Your contribution to assigned class work is an important part of the course grade and an important component of your growth as a classroom teacher. Throughout the semester there will be five (5) unannounced attendance checks. Students who are present and participating in class will receive full credit while those who are not will receive no credit.

- **Project #1: Analysis of a child’s language/reading/writing sample** (20% of course grade). You will analyze one oral language, reading, and/or writing sample from a struggling reader or writer. In a written report, you will discuss findings in relation to the child’s language, reading, and writing development and create a proposed plan of action that will benefit the student. A grading rubric will be provided.

- **Project #2. Engage to Learn Group Project** (20% of course grade). In a small group, you will prepare and share an engaging reading strategy with the class. This project will enable you to have hands on and minds on experience with a variety of reading strategies that you can then use in your own classes. A grading rubric will be provided.

- **Quizzes** (20% of course Grade). There will 10 scheduled quizzes throughout the semester, each assessing the material covered in each chapter.

- **Final Exam** (20% of course grade). The final exam will consist of approximately 100 questions and will be cumulative.
F. Evaluation and Grading Guidelines and Criteria: All written work should be typed (using a 12 pt. New Times Roman font, with one-inch margins, & page numbers), properly labeled, and carefully proofread and edited. The criteria for determining your final grade are outlined below.

Grade Replacement/Forgiveness and Census Date Policies
Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttyler.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (Sept. 12th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:
_PRESENT_GRADE_REPLACEMENT_Contract, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.

State-Mandated Course Drop Policy
Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

SCHOOL OF EDUCATION PROGRAM STANDARDS

The School of Education has adopted program standards that guide the development of teacher candidates in their understanding of the complexity of teaching. These standards are based on those developed by the Interstate New Teacher Assessment and Support Consortium (InTASC) and shared by other accredited universities in Texas and across the United States. The Standards are broad understandings and practices gained throughout the program using a constructivist model in which new learnings are assimilated and attached to prior understandings, thus, over time, building a mental structure (schema) of educational concepts.

Standard #1: Learner Development (students in general)
The teacher understands how learners grow and develop, recognizing that patterns of learning and development
vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

*Texas Teacher Practice Standards: 1.2, 2.1, 2.2, 2.3, 4.1*

**Standard #2: Learning Differences (individual students)**
