UT TYLER EMPLOYEE HANDBOOK

TRAFFIC AND PARKING

To use the available parking facilities on the University grounds, employees must secure a parking permit from the U.T. Tyler Police Department. This permit must be placed on the back window of the vehicle. Employees may use parking lots for faculty/staff or student parking lots. Violation of parking and/or traffic regulations on the U.T. Tyler campus may result in a citation issued by the University Police Department. If an employee does not feel the citation is justified, he/she may appeal within ten calendar days from date of citation by filing an appeal with the University Police Department.
