Nursing EX/L Project Proposal

**Project:** Alumni Database

**Purpose of the Project:** Provide a mechanism for the alumni, faculty, administrators, students, and supporters of our college to connect and engage with each other.

**Learning Objectives:**

- Students can analyze a problem, and identify and define the computing requirements appropriate to its solution.
- Students can design, implement, and evaluate a database to meet desired needs.
- Students can use current techniques, skills, and tools necessary for computing practice.
- An ability to identify and analyze user needs and take them into account in the selection, creation, evaluation and administration of computer-based systems.

**Responsibilities:**

- Plan and set up alumni database.
- Utilize university records, Facebook, LinkedIn, and other social media to request updates from alumni.
- Create and Use Qualtrics Survey to request updated information.
- Name, phone number, email address, year of graduation, program, current position, etc.

**Outcome:** Fully functional alumni database with current contact information
