Student Engagement EX/L Project Proposal

**Project:** Student Organization Handbook, Policies, and Procedures Review and Redevelopment

**Purpose of the Project:** The purpose of this project is to ensure the institution is in compliance with all The University of Texas System Regents Rules, Institutional Policies, and federal/state/local laws.

**Learning Objectives:**

- Develop an understanding of student organization practices and the importance of policies & procedures for student organizations.
- Enhance research practices and communication skills (written).
- Ability to create policies, procedures, and a publication that reflects both.

**Responsibilities:** The student will research policies, handbooks, and practices of other institutions as it pertains to student organizations. The student will then provide recommendations that will enable updates to UT Tyler’s current document.

**Outcome:** Final Project will include a redesign of the Student Organization Handbook and a recommendation of policies that should be updated.
