MESSAGE FROM THE *President*

Welcome to The University of Texas at Tyler.

We are pleased that you have chosen UT Tyler to pursue your post-baccalaureate education. With a mission to improve educational and health care outcomes for East Texas and beyond, we strive to deliver on our promise to provide quality education, cutting-edge research and excellent patient care.

At UT Tyler, we are committed to providing you with the resources and support needed to achieve your academic and professional goals. From our top-tier faculty, state-of-the-art facilities and innovative research, we are dedicated to helping you expand your knowledge and advance in your career. You will learn from professors who are prominent experts in their fields, and you will have opportunities

to work one-on-one with them to conduct impactful research.

The Graduate School offers many programs throughout our colleges. Many of these programs are delivered 100% online or through hybrid scheduling to accommodate those employed full-time. We understand that flexible scheduling positions you to meet your academic as well as personal goals.

I wish you all the best as you begin this next chapter in your academic journey. Our objective is to provide an educational experience that makes you proud to be a UT Tyler alum, and please know that as you progress in your career and in your community, we will always be proud that you are part of the UT Tyler family.

A handwritten signature in black ink that reads "Kirk A. Calhoun".

The Ben & Maytee Fisch College of Pharmacy

The University of Texas at Tyler Ben & Maytee Fisch College of Pharmacy offers a Doctor of Pharmacy curriculum in a student-centered, innovative format that will prepare you to become an exceptional pharmacist. The UT Tyler PharmD program is a four-year course of study within a team-based learning environment proven to be more effective than traditional classroom lectures. You are an active participant in the learning process, which takes place in a first-class facility specifically designed for interactive learning, with guidance from a faculty of experts devoted to your success.

The Ben and Maytee Fisch College of Pharmacy	Doctoral
Pharmacy	PharmD

The School of Medicine

The University of Texas at Tyler School of Medicine will provide you with highly marketable skills and qualifications to work in the biotechnology industry and the academic foundation to pursue further medical and professional studies. You will receive a hands-on, laboratory-based program taught by world-class National Institutes of Health (NIH)-funded biomedical research faculty at an affordable cost.

School of Medicine	Master's	Doctoral
Biotechnology	MS	
Doctor of Medicine		MD

GRADUATE RESEARCH

UT Tyler students are contributing to advancements in their fields of interest through research as early as their freshman year. You will work alongside professors like Dr. Dustin Patterson in biochemistry, who is developing cell-specific drug delivery strategies in the fight against cancer; or Dr. Amy Hayes in psychology, who is researching the interaction between emotional intelligence, gender and academic achievement.

Water & Health

Faculty and students from the School of Health Professions toured Southside Waste Water Treatment plant in Tyler, where they'll be carrying out research on the local water system. This research will help advance the health outcomes of East Texas, which houses some of the unhealthiest counties in the state.

Message from the Dean of the Graduate School

I am pleased to welcome you to the Graduate School at The University of Texas at Tyler (UT Tyler). Whether you are just beginning your graduate career or continuing your graduate studies, you are a part of an exciting graduate education experience at UT Tyler.

We are proud to offer you a diverse array of graduate degree programs and certificates to help you achieve your career goals and aspirations. Many of our programs are recognized for excellence in Texas and beyond.

As a graduate student, you will have an opportunity to work alongside faculty who are outstanding teachers and scholars with extensive experience and a heart for their work.

We are confident you will thrive at UT Tyler, and we are here to help you from application to graduation.

- Kouider Mokhtari, PhD.

*Interim Senior Vice President for Research
Interim Dean of the Graduate School
Anderson-Vukelja-Wright Endowed Professor

ABOUT THE CITY OF TYLER

Welcome to America's Rose Capital

Renowned as the home of the annual Texas Rose Festival, Tyler has grown into a major hub with an economy as robust as the city's blooms. Located about 95 miles east of Dallas, Tyler is the center for health care, advanced manufacturing, education, technology and retail in East Texas. Along with The University of Texas at Tyler, the City of Tyler is also the home to two billion-dollar hospital systems and a number of tech startup companies.

At Tyler's heart is a charming historic downtown packed with plenty of things to see and do, from museums, theaters and galleries to restaurants, bars and breweries to live music and events. Tyler is also a beacon for outdoor enthusiasts, with scenic lakes, golf courses and parks. Tyler State Park offers hiking, mountain biking, fishing, swimming, boating, paddling and camping. With more than 20,000 higher-education students, Tyler is a vibrant place to live and study.
