“Doubt is not a pleasant condition, but certainty is absurd.” ~ Voltaire

Course Description:
Historical Methods is a required course for History majors at the University of Texas at Tyler. It is designed to familiarize students with how historians research, interpret, and write history—how, that is, to be a historian. Although the most important part of the class will center on researching, writing, and presenting an original primary-source based research paper, we will also explore many themes regarding the state of the field and possible futures in history: including graduate school, public history, archival work, history in the classroom, and history applications in a variety of other fields.

Important Note:
I encourage you to meet with me regularly to discuss or clarify lecture, discussion, or reading—or to talk about history in general. My job (and satisfaction) is as much to work with students on an individual basis as it is to lecture and facilitate discussion. Please keep this in mind throughout the semester.

Paper Topics:
You are free to choose a paper topic without limitation to time or space (up to the 1980s, anyway) so long as your central focus is an organism or virus.

Content Objectives:
Upon completion of this course, students should be able to:
1. Demonstrate a strong understanding of historical research and methods through verbal and written exercises.
2. Develop analytical skills through thinking deeply, reading actively, researching thoroughly, and writing carefully about the past.
3. Gain a strong sense of scholarly skepticism by balancing everything with hefty amounts of context and perspective; Or, in the spirit of Voltaire, embrace the conviction that nothing is certain and that everything is and ought to be open to (careful and thoughtful) interpretation.
4. Appreciate and understand that accurate interpretations (see above) can only rest on ample and sturdy evidence.

- Other articles linked in course schedule.

Library Work:
Each student will hold at least one mandatory research conference with Ms. Sarah Norrell—the professional librarian who oversees all history-related research at the Muntz Library. You will need to set aside at least 45 minutes to meet with Ms. Norrell. Go to the meeting well-prepared with as much material and ideas concerning your topic as possible. These research conferences are designed to give you an opportunity to take full advantage of the library’s resources and to familiarize you with working in a library environment alongside research professionals. Your meetings MUST take place before Wednesday, September 25.

Assignments:
All assignments in this class are geared toward the final research paper by means of research, writing, and revising.

- Preliminary Research Exercise (20 points)
  - Students will answer a series of ten brief research questions—two points each.

- Topic Proposal (20 points)
  - The paper topic must adhere to the topic guidelines above. Please write a 600+ word essay in which you carefully and thoroughly explain what you hope to write about and why. Consider the following: 1) Are there enough accessible primary sources to form the core of the paper? 2) Is the topic sufficiently narrow so that you can potentially say something new or approach it from a unique angle? 3) Are you truly interested in the topic? In other words, is it something you will be comfortable with working on for an entire semester? I reserve the right to veto or edit any proposed topic. **NOTE: This is one of the most important assignments for the entire semester. Think very carefully about what you hope to write about and how you plan to do it successfully.**

- Bibliography Quiz (10 points)
  - You will be given an in-class citation quiz that will require you to correctly cite books, articles, MA theses, and PhD dissertations.

- Book Review Essay (50 points)
  - Write a 600+ word essay in which you carefully and clearly identify, consider, and evaluate the general arguments and conclusions made by Ted Steinberg in *Down to Earth*.

- Annotated Bibliography (50 points): [Hard Copy—STAPLED]
  - Construct a professional bibliography of primary and secondary sources. The bibliography must contain a minimum of seven primary sources, seven professional journal articles, and ten secondary books—all of which must be relevant to your topic. **Ten percentage points will be deducted for each missing source in each category.** It MUST reflect a rigid adherence to the Turabian bibliography format.
  - Each source must have a minimum of three sentences explaining its value to your project—or it will not count.

- First Draft: Research Paper (100 points): [TWO HARD COPIES—STAPLED]
  - A 6,000+ word paper (exclusive of footnotes/bibliography) based on original research. This is not a “rough” draft. It should be the very best draft you can deliver.

- Peer Review (20 points)
  - Please write a 600-word professional, fair, and balanced critique of your colleague’s first draft. Consider the following: 1) What is the argument? 2) Is it adequately proven with sufficient use of primary sources? 3) What is the most intriguing/important thing that you gained from the paper? 4) What should the author consider doing to improve the paper? 5) What is good/promising about the paper?

- Final Research Paper (100 points)
  - A polished and edited 6,000+ word paper (exclusive of footnotes/bibliography) based on original research with a corrected (and non-annotated) bibliography.

- Presentation (25 points)
  - You will deliver a 15-20 minute presentation of your research. As you put together your presentation, be sure to address all of the following: 1) Why you became interested in history; 2) Why you chose your topic; 3)
Your argument; 4) If and how that argument evolved as you researched; 5) At least three main points you made to back up your argument; 6) The research process—surprises, difficulties, discoveries, etc.

**Attendance and Participation:**
Attendance is mandatory. Two or more un-excused absences will result in the drop of a letter grade. Every subsequent absent will result in another letter grade drop. *Active class participation is critically important.*

Cheating of any kind, including plagiarism, will result in immediate failure of the class and possibly further sanctions from the University of Texas at Tyler. Plagiarism, put simply, is using another's work as your own without proper citation or usage. This includes everything from copying and pasting from the Internet to failing to cite an idea from another source that you put in your own words. I strongly recommend reviewing the university policy for cheating and academic dishonesty at the following website: [http://www.uttyler.edu/judicialaffairs/](http://www.uttyler.edu/judicialaffairs/)

“Not one of your pertinent ancestors was squashed, devoured, drowned, starved, stranded, stuck fast, unwittingly wounded, or otherwise deflected from its life's quest of delivering a tiny charge of genetic material to the right partner at the right moment in order to perpetuate the only possible sequence of hereditary combinations that could result -- eventually, astoundingly, and all too briefly -- in you.”

Don’t let this be you!

Grade Replacement/Forgiveness and Census Date Policies
Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Spring, the Census Date is January 29) Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttyler.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (January 29) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy
Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
Student Accessibility and Resources
In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University offers accommodations to students with learning, physical and/or psychiatric disabilities. If you have a disability, including non-visible disabilities such as chronic diseases, learning disabilities, head injury, PTSD or ADHD, or you have a history of modifications or accommodations in a previous educational environment you are encouraged to contact the Student Accessibility and Resources (SAR) office and schedule an interview with the Accessibility Case Manager/ADA Coordinator, Cynthia Lowery Staples. Student Absence for University-Sponsored Events and Activities
If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement
It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.

ii. “Plagiarism” includes, but is not limited to, the appropriation, buying, receiving as a gift, or obtaining by any means another’s work and the submission of it as one’s own academic work offered for credit.

iii. “Collusion” includes, but is not limited to, the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any section of the rules on scholastic dishonesty.
