History of Technology and Innovation Syllabus

Course Description: This course is a study of the historical facts regarding the development and governance of the United States from the end of Reconstruction the present with special emphasis given to the inventions and ideas that made modern America. We will also examine the social, economic, and ever-changing political arena that these inventions and ideas impact. Through the course of the semester, we will focus on numerous trends, events, and personalities as we investigate the following topics: the industrial revolution; the development of a truly national economy; imperialism; the US as a world power; World Wars I and II; the Cold War; Korea; Vietnam; and the modern era.

Textbook:

Oakes, James, et al. *Of the People: A History of the United States*. (4th Ed, Vol. 2). ISBN: 9780190910211.

Office Hours: 11:15-1:15 MW; 5:00-6:00 M; Other times by appointment.

Major Learning Outcomes: Based on the National Standards for History (1994)

- I. The student will describe the impact of industrialization, mechanized farming, immigration, and increasing cultural diversity on the American people in the late nineteenth century.
- II. The student will describe the changing role of the United States government in domestic and world affairs in the early twentieth century.
- III. The student will explain the problems of unregulated economic growth and the associated issue of distribution of wealth.
- IV. The student will trace the course of World War II and its reshaping of the U.S. role in world affairs.
- V. The student will describe how the Cold War and conflicts in Korea and Vietnam influenced domestic and international politics.

Methods of Evaluation: The student's mastery of the subject material will be determined through exams. An exam will be given on each scheduled test day. All exams will be online. The first four exams will each be worth 15% of your final grade. The final exam is worth 25% of your grade. It will be given on Wednesday, Dec. 9. The remaining 15% of your grade is based upon class participation. I determine this grade based upon class attendance and my evaluation of your participation in class through quizzes both online and in person. Every absence after the second grace absence (the equivalent of one week of class time) is worth 10 points deducted from your class participation grade. Not watching the required videos may result in a lowered participation grade. Each exam will be based upon the content of lectures, discussions, and your readings. Test format will be discussed prior to the first exam.

Methods of Instruction: This class is a hybrid class, videos and lecture are the primary teaching methods; however, class discussions, outside projects, and outside reading will be used. Wednesday classes are always video. Monday classes are face-to-face; however, due to the COVID crisis, I am allowing a virtual option as well. Each face-to-face class will be recorded with Zoom and them posted to Canvas for those who did not attend in person, or those who want to see it again. Class participation will be based upon class attendance or viewing of the

posted videos. One or the other is required. Additionally, I will make every effort to respond to emails within a 24 to 48 hour period.

Attendance: All students are expected to attend every class meeting whether face-to-face or virtual. Failure to attend in person or watch the videos in a timely manner (within in the week) online is an absence.

Behavior: All students will maintain respect and courtesy for their classmates and for the instructor. Do not use pagers, cell phones, communicators, signal fires, or other disruptive communicative devices during class. Turn off such annoying hindrances to the learning process before class begins. Frequent violations of this rule will result in a lowered class participation grade and egregious violations may result in the instructor lowering the student's semester grade. No profanity, sleeping, talking that interrupts the instructor, lewd, rude, or socially unacceptable behavior (and even some socially acceptable behavior may not be allowed in class). "Free love" should not be practiced in this class—hands off others and yourself. Remember, although the United States practices democracy in the form of a representative constitutional republic, this class is a benevolent dictatorship. If student conduct becomes unacceptable, the instructor will ask the student to leave and not return. Especially in this year of COVID—mute your microphone if you are watching the class via Zoom.

For more information on cessation programs please visit www.uttyler.edu/tobacco-free.

Grade Replacement/Forgiveness and Census Date Policies:

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar. Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract. The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy:

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Student Accessibility and Resources:

In accordance with Section 504 of the Rehabilitation Act, Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA) the University offers accommodations to students with learning, physical and/or psychiatric disabilities. If you have a disability, including non-visible disabilities such as chronic diseases, learning disabilities, head injury, PTSD or ADHD, or you have a history of modifications or accommodations in a previous educational environment you are encouraged to contact the Student Accessibility and Resources (SAR) office and schedule an interview with the Accessibility Case Manager/ADA Coordinator, Cynthia Lowery Staples. If you are unsure if the above criteria applies to you, but have questions or concerns please contact the SAR office. For more information or to set up an appointment please visit the SAR office located in the University Center, Room 3150 or call 903.566.7079. You may also send an email to cstaples@uttyler.edu

Student Absence due to Religious Observance:

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester. Revised 09/16 Student Absence for University-Sponsored Events and Activities. If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement:

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation:

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor’s directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
