

The University of Texas at Tyler  
**COLLEGE OF NURSING AND HEALTH SCIENCES**  
 Master of Science in Nursing/Administration

2021-22

The Master of Science in Nursing program is designed to prepare individuals for careers in service, education, primary care, and research. Emphasis is given to developing the advanced practice skills necessary to provide expert nursing care to clients either directly through clinical practice, or indirectly through the avenues of administration, research or education. Utilizing advanced knowledge and critical thinking skills along with foundational caring philosophy and health promotion, the program prepares individuals to meet new challenges and the provision of holistic health care. Essential leadership and management skills are integrated with current theory and research in these areas.

The Master of Science in Nursing program builds on UT Tyler's undergraduate program in nursing and provides a firm basis for doctoral level education.

**Recommended 3-Year Curriculum (Part Time)**

**Graduate 1<sup>st</sup> YEAR**

| First Semester                      | Credit Hours | TX Tuition/Fees | Out of State Tuition/Fees | Second Semester                    | Credit Hours | TX Tuition/Fees | Out of State Tuition/Fees |

*The listed prices do not include books or cost of additional needed programs. Cost is subject to change.*

*Total credit hours must equal at least 36. Students are allowed to transfer in up to nine approved credit hours.*

*Consult with your advisor for additional information on degree requirements and schedule planning. This is only a recommended outline. Because degree requirements and course offerings do change, you should consult an advisor as well as the University Catalog, which is the only official document regarding master's degree requirements.*
