GRADE REPLACEMENT/FORGIVENESS AND CENSUS DATE POLICIES

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

EMAIL

I will make every effort to respond quickly to your emails within 24 hours during the school week. Emails sent on the weekend will be addressed on Monday [or Tuesday after a Monday Holiday!] Occasionally, I may be traveling, and it might take longer to respond. If my schedule will make me unavailable to answer emails for an extended period, I will post an announcement so that you can plan accordingly. One caveat: technical problems in email systems may slow down responses!! My priority is communicating with you, so if there are any problems, we will work to solve them. If you do not receive a response in a timely manner, something might have gone wrong with technology so please send another email or call me!

DISCUSSIONS

The Discussion feature in Canvas is an online discussion forum in which students and faculty can communicate asynchronously (anytime) via message postings. When you click the Discussion button, a listing of general subject categories (forums) will appear in a table format.

Since this is an online class, and the classroom is virtual, the Discussions feature allows conversations to occur that would otherwise occur orally in a face-to-face classroom. Because of this, participation is required.

PARTICIPATION EXPECTATIONS AND DISCUSSION ASSIGNMENTS

Rubrics for how the discussion postings will be graded are provided.

Each participant is responsible for participating in the asynchronous discussions of each forum. This participation will include posting answers to questions posed by the instructor and replying to other participants' postings.

Discussion postings should be made in a timely manner. Deadlines are listed in the Course. Please note that all discussion postings must be completed by midnight Central Standard Time on the due date.

Participants should plan on entering the Discussion area several times a week in order to read and comment on others postings. Posting answers to the questions posed in the Discussion area should be done in advance of the deadline in order to allow other participants to have the opportunity to comment.

Quality of the response is as important as quantity. A participant's comments should add to the discussion. Comments should be supported as required with references cited appropriately. The instructors and/or participants may use synchronous chats as the need arises. Note: When posting to the discussion area, please type in your comments directly into the Discussion. Do not type your comments into a document and then attach it to the discussion-this method is difficult for some students to access. You may type your comments into a Word document, then copy and paste it into the Discussion Board.
