

3.3 Evaluations by Students

(Reviewed 9/5/17)

3.3.1 Course, Faculty, Preceptor, and Facility Evaluations

It is the student's right and responsibility to evaluate the course, the course faculty, clinical facility and clinical faculty/preceptor at the end of each semester. Course and faculty evaluations are conducted by the Office of University Assessment and may be accessed through *myUTTyler*. Facility and preceptor evaluations are under the purview of the clinical course faculty and facility.

3.3.1 Program Evaluation

To ensure quality programs, evaluation must take place both during the instruction phase and following graduation. Follow-up evaluations of graduates are included in the SON program outcomes. Students are strongly encouraged to maintain a current email address with the SON to participate in the evaluation process and receive alumni benefits.
