Grades and Grading

Evaluation/Grading Methods is as follows:

Course Grading Scale:

A = 90 to 100%
B = 80 to 89.99%
C = 70 to 79.99%
D = 60 to 69.99%
F = Below 60%

Grades will NOT be rounded.

A letter grade will be deducted for each day an assignment or Exam is late.

The work you will perform for this course is weighted as follows:

Exams (65% of course grade):

There will be three (3) exams plus a final worth 65% of your grade. Each exam is worth 15% of your total course grade. The content of the first three exams is related to the chapter(s) being studied as well as additional readings. The final exam is comprehensive worth 20% of your total grade and will include 100 questions. The exams will consist of both multiple choice and case study type questions. The exams will be timed.

You must use Proctoru.com as your online testing proctor. You will sign up via Proctoru.com prior to the exam. See additional file related to specific instructions.
Discussion Board Questions:

The purpose of the discussion board is to encourage critical thinking in development of graduate level exam questions. You will have 5 discussion boards through the semester.

Discussion Boards will occur
Week 2, Week 4, Week 6, Week 8, Week 9

Requirements:

1. Develop 3 exam questions based on the course material covered during the current week. These can be matching, multiple choice, or true/false.
2. Provide evidence-based rationale for the correct answer. This should include a citation such as Up to Date or Epocrates, etc. This may be several sentences to 1 paragraph.
3. No peer response is required but it is to your advantage to read your peer's questions. You will see several of these questions on your exams.
4. This is beneficial because it requires critical thinking and research related to the rationale behind treatment and answer choices.
5. Any topical is acceptable as long as the topic is relevant to the current module's course material.
6. The discussion board will open on Sunday at the beginning of the course module and close the following Saturday at midnight.

Grading Criteria for Shadow Health: Shadow Health provides a clinical simulation designed to improve your clinical reasoning and critical-thinking skills in a safe learning environment. You will examine digital patients throughout the course that are accessible online 24/7.

Our Digital Clinical Experience is free of many of the constraints and interruptions you face in a hospital or clinical setting. This unique simulation experience allows you to conduct in-depth patient exams and interviews at your own pace. Because the exams are in-depth, these assignments will often take over an hour to complete, so it is important to plan enough time to complete your assignments each week.
COURSE GRADE:
EXAM 1: 15%
EXAM 2: 15%
EXAM 3: 15%
FINAL EXAM 4: 20%
Discussion Board: 15%
Shadow Health: 20%

Quizzes are not graded but just for personal benefit.

Email and Course Discussions

Email

To communicate by email within the course with other participants or all participants, click the Communications link on the left. Click Send E-mail to send a message. You are able to send messages to All Users or Select Users in the course, including the instructors. If you need more instructions on how to send email messages with Blackboard please read the student manual located in the Resources area of the course.

Questions or problems other than technical problems (see Technical Requirements in this Syllabus) may be submitted to the email address above. You will receive quick responses to any emails you send during our office hours. Generally speaking, we check our email inbox several times a day during the workweek, less frequently on the weekend, and rarely after 6 p.m. any day. If our schedules will make us unavailable to answer emails for a day or two, we will send an announcement out so that you can plan accordingly. One caveat: technical problems in email systems may slow down responses!!

Discussions

The Discussions feature in Blackboard is an online discussion forum in which students and faculty can communicate asynchronously (anytime) via message postings.

When you click the Communications link on the left, then the Discussion Board area, a listing of general subject categories will appear in a table format. Each general subject category is represented by a file folder icon.

All threads (topics) pertinent to a general subject category will appear as links under that subject category folder. The instructor has control of what general subject categories are available for discussion in the course. At the instructor's discretion, students may or may not have the option of starting a new thread under the general subject categories and may or may not be able to edit their comments after they have been posted.

Students can respond to threads in the course discussion. To respond to a thread:
In the Discussion Board area, you will see a list of forums
Click on a forum link to open it and view the contents within
Open a message
Click Reply to respond to the message

Your response will now appear in the table, along with your name as author and date/time of posting. Icons will appear to the right that allows either a response or perhaps editing and deletion options. If the edit icon or the trash can (delete icon) doesn't appear, the student doesn't have editing or deletion privileges.

Accessing Library Resources

Students enrolled in this course have several options to access library resources. You may visit your home campus library or the Robert R. Muntz Library at the University of Texas at Tyler. Follow this link, and then complete the instructions at those sites for accessing information from a distant site.

TESTING:

You will be using the online proctoring service Proctor U. It is your responsibility to set up an account and schedule testing.

Proctor U:

Proctor U is the proctoring company used at UTT. Students will need to try all connections with Proctor U before the first examination. Testing can only be done in the testing window and in a quiet undistracted environment. When your test is completed you must disconnect from the test in blackboard prior to disconnecting from proctor U for test security purposes. Any attempts to copy the examination will be viewed as cheating. If you want to challenge a question this can be done in discussion board at the posted time.

Please see PDF file under Course Documents regarding how to use Proctor U service.
**Academic Integrity:**
Students are expected to assume full responsibility for the content and integrity of all academic work submitted as assignments and examinations.

**Grade Replacement:**
If you are repeating this course for a grade replacement, you must file an intent to receive grade forgiveness with the registrar by the 12th day of class. Failure to file an intent to use grade forgiveness will result in both the original and repeated grade being used to calculate your overall grade point average. A student will receive grade forgiveness (grade replacement) for only three (undergraduate student) or two (graduate student) course repeats during his/her career at UT Tyler.

**Students with Disabilities:**
If you have a disability, including a learning disability, for which you request disability support services/accommodation(s), please contact Ida MacDonald in the Disability Support Services office so that the appropriate arrangements may be made. In accordance with federal law, a student requesting disability support services/accommodation(s) must provide appropriate documentation of his/her disability to the Disability Support Services counselor. For more information, call or visit the Student Services Center located in the University Center, Room 282. The telephone number is 566-7079 (TDD 565-5579). Additional information may also be obtained at the following UT Tyler Web address: [http://www.uttyler.edu/disabilityservices](http://www.uttyler.edu/disabilityservices).

**COURSE FEEDBACK AND INSTRUCTOR PRESENCE**
Since this course is offered 100% online, instructor presence will be in that format, as well. Instructors will participate in discussion boards, usually daily, but at the least, weekly. Should a student desire contact with an instructor, please first post a question/comment directly to the Course Questions forum on discussion board. If the question is of a more sensitive nature, please feel free to email, text, or even call the instructor using the contact information located on page 2 of this document. Course feedback will consist of discussion board comments, as well as personal emails to the students. Instructors will attempt to contact students with failing grades as early in the course as possible, in order to make a plan for intervention or assistance. If personal contact with an instructor/student is desired by either party, an appointment can be made for the student to come to campus to meet with faculty face-to-face, or a Zoom (online video conference) session may be set up. These conferences are easy to access, provide face-to-face interaction and have been shown to improve student performance.
COURSE PROCEDURES

Scheduling:
Students are expected to progress through the course according to the posted schedule.

Examination Procedure:
Exams will be administered through Proctor U. Please see additional document for specific Proctor U instructions. Once the exam is available, you may schedule via Proctor U. You are not allowed any resources during the exam other than one blank piece of scratch paper. You will have 90 minutes to complete the exam. The exam will consist of 50 multiple choice questions.

Late Assignments:
Late powerpoint presentations will receive a 10% penalty per day that the assignment is past due. Discussion Board assignments will not be counted if submitted late. Exams must be taken at the scheduled time.

ZOOM SESSIONS OR COURSE CHATS
Special topic or ZOOM sessions will be held throughout the course. These dates will be available at the beginning of the course.

**Grade Replacement/Forgiveness and Census Date Policies**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. (For Fall, the Census Date is Sept. 12.) Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttoyl.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date (Sept. 12th) is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

**State-Mandated Course Drop Policy**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public
college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
