## COVID-19 Guidelines and Resources

The information contained in the following link lists the University's COVID-19 resources for students and instructors of record: <http://go.utdallas.edu/syllabus-policies>.

### Classroom Conduct Requirements Related to COVID-19

UT Dallas requires that all students must wear a face covering that covers the nose and mouth in all university buildings and classrooms. To help protect the health and safety of students, instructors, and the University community, students who choose not to wear a face covering may not attend class in person but may attend a course remotely. Anyone attending class in person without a face covering will be asked to put one on or leave. Instructors may end the class if anyone present refuses to appropriately wear a face covering for the duration of class. Students should also be sure they are at least six feet away from their fellow students and faculty, and seated in a seat that is designated to ensure that distance. Students who either refuse to wear face coverings appropriately or to adhere to other social distancing protocols may face disciplinary action for [Student Code of Conduct](#) violations. Students who are unable to comply with the university policies including wearing a face covering should consult the [Comets United](#) webpage for further instructions.

Students who have tested positive for COVID-19 or may have been exposed should not attend class in person and should instead follow required disclosure notifications as posted on the university's website (see "[What should I do if I become sick?](#)" webpage).

---

### Class Attendance

Regular and punctual class attendance is expected regardless of modality. Students who fail to attend class regularly are inviting scholastic difficulty and will miss opportunities to engage with guest speakers and their lecturers.

In-person participation records may be used to assist the University or local public health authorities in performing COVID-19 occurrence monitoring. Please note – in-person attendance requires consistently adhering to University requirements, including wearing a face covering and other public safety requirements related to COVID-19, as presented in this syllabus. Failure to comply with these University requirements is a violation of the [Student Code of Conduct](#).

---

### Class Participation

Regular class participation is expected regardless of course modality. Students who fail to participate in class regularly are inviting scholastic difficulty. A portion of the grade for this course is directly tied to your participation in this class. It also includes engaging in group or other activities during class that solicit your feedback on homework assignments, readings, or materials covered in the lectures (and/or workshop group). Class participation is documented by faculty. Successful participation is defined as consistently adhering to University requirements, as presented in this syllabus. Failure to comply with these University requirements is a violation of the [Student Code of Conduct](#).

---

### Class Recordings

Students are expected to follow appropriate University policies and maintain the security of passwords used to access recorded lectures. Unless the Office of Student AccessAbility has approved the student to record the instruction, students are expressly prohibited from recording any part of this course. Recordings may not be published, reproduced, or shared with those not in the class, or uploaded to other online environments except to implement an approved Office of Student AccessAbility accommodation. Failure to comply with these University requirements is a violation of the [Student Code of Conduct](#).

Some meetings in this course may be recorded. Any recordings will be available to all students registered for this class as they are intended to supplement the classroom experience. ## Workshop Group Assignments

The class is divided into **four Workshop Group sections, each assigned to one of the lecturers**. Over the course of the semester, your lecturer will coach you on the legislative and policymaking process and also help you prepare for the policy simulation. Each Workshop Group represents a specific congressional committee.

In your Workshop Group, you will study specific bills that have been passed into law. You will use these bills to learn about the policy process. Specifically, you will understand (1) how policy change occurs over time, (2) how legislative history is constructed, and (3) how policy outcomes are shaped by political realities. As part of the course, you will participate in a policy simulation where you develop policy solutions within your assigned committees and work to pass them into law.

Each individual student will be assigned to play the role of a member of Congress (i.e. their “Member Persona”). Some students will be assigned to the House and others to the Senate. Each student will also be assigned to one congressional committee. During the weekly Workshop Group sessions, the lecturers will work with students to explain the various facets of the committee’s legislative process and will also coach the students as they develop their policy proposals. Each student must research the background of their Member Persona in order to role-play that member in the end-of-course policy simulation. During the Workshop Group sessions, each student must be prepared to explain their Member Persona’s reaction to the policy proposals that are being developed.

**Note:** Dr. Chin is the instructor of record for this course. The lecturers are responsible for grading all **Policy Simulation** assignments, taking attendance during the Workshop Group sessions, and evaluating participation during the policy simulation. The lecturers will report these grades to Dr. Chin, who is responsible for grading the Difficult Dialogues, and compiling the final grades and review of each student enrolled in the course. The lecturers have discretion to set alternative deadlines for the policy simulation assignments due in their Workshop Group.

The committee assignments (listed below) will be posted to the PSCI 4370 Teams.

## Class Schedule

**Class 1: Mon, Jan 11, 2021**

**Introduction to Policymaking Process class – NEW MEMBER ORIENTATION**

6:30-9:30 pm ET (5:30-8:30 pm CT)

6:30-8 pm ET **Foundational Principles of the Federal Policymaking Ecosystem & Why Elections Matter**

8-9 pm ET **“New Member Orientation” - Guest Speaker: The Honorable [Jack Fields](#), former US Representative.**

In 1980, at the age of 28, Jack Fields defeated a seven-term incumbent to flip party control of a seat in the U.S. House of Representatives. He was sworn into office on January 3, 1981, just over 40 years to the date of our class. Like many of you, Mr. Fields had a lot to learn about being a member of Congress. He will discuss his experiences as a freshman member of the House, and the challenging path he had to navigate in order to win his first (and succeeding) elections. Please prepare for the meeting by familiarizing yourself with Mr. Fields' background and legislative priorities.

9-9:30 pm ET **Workshop Group**

### **Workshop Group**

Each student will be assigned to play the role of a member of Congress. Some students will be assigned to the House and others to the Senate. You will learn more about your role within your assigned committee from your lecturer.

### **Required Readings:**

### **→GRADED ASSIGNMENTS – MUST BE SUBMITTED**

1. **Declaration of Independence** - Work in your assigned 3-person teams to publicly recite the Declaration of Independence at 12 different locations in DC. Be sure to video-record **each** individual speaking some lines of the Declaration. *IF you have team members who are unable to be physically present with you for this team reading, then the absent team member(s) can join by phone/video conference.* Post the completed videos to **the Spring 2021 Facebook group by 11:59 pm ET on Jan. 25, 2021.** This is worth 5% of the semester grade.

2. **Analysis of Member Persona Profile** – Each individual should compile a 2-3 page written profile of the member that you are role-playing. What are the member’s committee assignments, biographical and demographic details, election history, policy priorities, constituency characteristics? If you wished to defeat this member of Congress in the next election, what are some important factors to consider—e.g. the incumbent’s strengths and vulnerabilities? Proofread carefully to ensure the document is grammatically correct and clearly written. Remember that you are getting to know the Member of Congress (MOC) that you will be playing. This memo will be your reference for playing your persona, so make it useful (for yourself). What do you want to make sure you remember about this MOC? Include a paragraph that describes and analyzes the ways that your own views either align with or differ from your MOC persona. This exercise will help you better understand the MOC and should not be seen as your personal endorsement of their values/ideology. **Email your completed document to Dr. Chin and your assigned lecturer by 11:59 pm ET on Jan. 28, 2021.** Points deducted for work that is late, sloppy, incoherent or poorly organized. This is worth 10% of the semester grade.

**Class 2: Mon, Jan. 18, 2021**

**People, Politics, Policy and Process**

*6:30-9:30 pm ET (5:30-8:30 pm CT)*

**6:30-7:15 pm ET – Lecture: Review of Federal Policy Process & Role of Party Leadership**

What role do Party Leaders play in setting legislative priorities for Congress, advancing or obstructing the President’s policy agenda, and controlling their rank and file members? What are the qualities that rank and file members should seek in their party leaders?

**7:15-7:45 pm ET - The Policy Simulation Explained**

Next week, the President typically issues the annual budget for the upcoming fiscal year (FY 2022, which is Oct 1, 2021-Sept. 30, 2022). In class, we will discuss the role that these documents (the SOTU speech and President’s Budget) play in setting the policy agenda for Congress. You should be thinking about: (1) your member persona’s reaction to these events; (2) the impact of the President’s recommendations on your constituency or state; and (3) the political reality for the success of the President’s agenda in Congress.

- “Introduction to the Federal Budget Process,” February 26, 2020, Congressional Research Service Report (<https://crsreports.congress.gov/product/pdf/R/R46240>).

#### *Questions to Consider:*

- How does the President use the federal budget process to set the policy agenda and control the executive agencies?
- In what ways can the public (e.g. your member persona’s constituents) participate in or influence the President’s decisions about policy?
- In what are the procedural tools at your member persona’s disposal to respond to the President’s policy recommendations? What are the incentives for your member persona to cooperate with or object to the President’s agenda? What are the incentives for your member persona to support or oppose your party leadership?
- What power do agencies like OMB and CBO exercise in the policy process?

#### **8:15-9:30 pm ET – WORKSHOP GROUP**

  - a. Rough draft/outline to be sketched out in class tonight.

  - b. How do you work with the relevant executive agency to create support for your policy proposal?
  - c. Why is CBO scoring so important? How do you go about getting a CBO score for your policy

**Activity:** Next week, we will select the party leaders for the policy simulation. Each party will meet separately to deliberate about the leadership in the House and Senate. In the House, each party must nominate a member to be Speaker. The full House will vote on the candidates to determine which one will serve as Speaker. Vote will take place via Qualtrics before class on 2/1/21.

**Grading Policy**

Students are expected to come to class prepared to discuss the assigned reading material and to interact knowledgeably with guest lecturers.

Final grades will be determined based on the following:

**15% Fastwork (graded by Dr. Chin)**

- Team reading of *Declaration of Independence* (5%)
- Analysis of Member Persona (10%)

**15% Participation & Communication (graded by Dr. Chin & Lecturers)**

- Class participation (5%) – graded by Lecturers
- Difficult Dialogues (10%) – graded by Dr. Chin

**70% Policy Simulation Assignments (graded by Lecturers)**

- Background & Analysis Memo (25%)
- Hearing Staff Memo (10%)
- Mark-up Memo with legislative language & advocacy materials (15%)
- Member Policy Statement (5%)
- Policy Simulation participation (15%)

**Details**

**15% Fastwork**

- (5%) **Team reading** of Declaration of Independence. **Due 1/25/21. Post video to Facebook group page by 11:59 pm ET.** Each 3-person **team** must read the Declaration out loud in a public space. A video of the reading, which shows each member of the team reading a portion of the Declaration, must be posted to the Spring 2021 Archer Fellows Facebook group page by 11:59 pm ET on Jan 25, 2021. If your team includes a person who is not physically present in DC, please devise a way to include them virtually in the reading. This is worth 2.5% of the semester grade.

- (10%) **Analysis of Member Persona. Due 1/28/21. Email to Dr. Chin by 11:59 pm ET.** Each student should compile a 2-3 page **written** profile of the member that you are role-playing. What are the member's committee assignments, biographical and demographic details, election history, policy priorities, constituency characteristics? If you wished to defeat this member of Congress in the next election, what are some important factors to consider—e.g. the incumbent's strengths and vulnerabilities? Proofread carefully to ensure the document is grammatically correct and clearly written. Remember that you are getting to know the Member of Congress (MOC) that you will be playing. This memo will be your reference for playing your persona, so make it useful (for yourself). What do you want to make sure you remember about this MOC? Include a paragraph that describes and analyzes the ways that your own views either align with or differ from your MOC persona. This exercise will help you better understand the MOC and should not be seen as your personal endorsement of their values/ideology. **Email your completed document to Dr. Chin and your assigned lecturer by 11:59 pm ET on Jan. 28, 2021.** Points deducted for work that is late, sloppy, incoherent or poorly organized. This is worth 10% of the semester grade.

### 15% Participation & Communication

- (5%) **Participation** – Participate in weekly class and discussion sections led by the lecturers. You must participate in-person as scheduled, or online.
- (10%) **Difficult Dialogues** – Each student must find another student with whom they share significant differences in opinions/ideology/personality/ philosophy. **They must work together to identify ways to communicate effectively, build a collaborative relationship, and find some common agreement.** Each student must write 2 Difficult Dialogues. These can be with two different people, or with the same person at different points in time. Your Difficult Dialogue partner must **NOT** be one of the people who share an apartment with you.
  - **Objectives**
    - Develop skills for listening to people who disagree (or are disagreeable), and understanding their perspective.
    - Identify areas of common agreement/beliefs.
    - **Assessment:** Clear prose, analysis, engagement with subject. Demonstrate that you have reached an understanding of how the other person interprets information, understands/perceives conversations/ideas.
  - **Task**
    - Identify another Archer Fellow in the current cohort with whom you have some fundamental point/issue of disagreement. Your Dialogue partner should be a person who is *unlike* you—it could be someone you don't know well, or someone whose personality, political or policy views are generally opposite to yours, or someone you don't like or with whom you don't naturally "click". [*Do not select your BFF and start an argument. Do not select a Dialogue partner who is already committed to dialoguing with another Fellow.*]
    - Over the next few weeks, make an effort to connect with this person and work to identify areas of common understanding or experience. Also work to identify, articulate and practice/implement the tools/skills/tactics/strategies that will best enable you and your "adversary" to reach an agreement or mutually satisfactory decision about an action.
    - In an individually-written essay, describe the areas of differences/conflict and the areas of agreement/understanding that you have identified in each other. Then explain how

you reached a conclusion about the tools/skills/tactics/strategies that will enable you to effectively communicate your ideas to each other, as well as make decisions in a collaborative manner.

- **Each party** in the pairing must submit an individually-written essay. Email the essay to Dr. Chin by 11:59 pm on the posted due dates.
- **Please proofread** your essays for grammar and punctuation. Points deducted for sloppy work. Dr. Chin will grade these assignments.
- **Deadlines**
  1. (5%) First Difficult Dialogue: **Due 2/1/21**
  2. (5%) Second Difficult Dialogue: **Due 4/8/21**

### 70% Policy Simulation Assignments

- (25%) **Background & Analysis Memo (Committee Staff Memo)** (2-3 pages) – *team paper*. FINAL DUE: email to your lecturer (and copy Dr. Chin) by **noon ET 2/8/21 or the deadline established by your lecturer.**
- (10%) **Hearing Staff Memo** (Staff Memo to Member Persona) – *solo paper* (2-3 pages) FINAL DUE: email to your lecturer (and copy Dr. Chin) by **noon ET 2/15/21 or the deadline established by your lecturer.**
- (15%) **Mark up Memo that includes draft legislative language & persuasive advocacy materials** (Staff Memo to Member Persona) – *solo paper* (1 page memo, plus additional pages for legislative language and advocacy materials) FINAL DUE: email to your lecturer (and copy Dr. Chin) by **11:59 pm ET 3/8/21. or the deadline established by your lecturer. Copies of your legislative language must also be shared with the chair and ranking member of your committee by this deadline.**
- (5%) **Member Policy Statement** – *solo paper* (2 pages) Write and record a video of you in the role of your member persona giving a statement regarding the proposed bill. Wear professional dress! FINAL DUE: Post the video to the class Teams group (in the relevant folder marked in the MEMBER POLICY STATEMENTS file) AND submit your written statement to your Teams Workshop Channel by **5 pm ET 3/29/21 or the deadline established by your lecturer.**
- (15%) **Policy Simulation participation** – During the policy simulation events (hearing, mark-up, floor consideration, and conference/resolution of differences), the lecturers will evaluate your participation, knowledge and legislative/negotiation policymaking skills.

**The Policy Simulation:** As part of the policy simulation, you will be assigned a role of a current member of Congress (House or Senate) and will also be assigned to a 3-person team in a congressional committee. You will research the legislative history of a current statute and work closely with your lecturer to learn about the process for adoption of the statute, and to develop a deeper understanding of the complexities of the policy process. Using the skills you develop doing this research, you will develop a package of legislative reforms from your Committees of jurisdiction that either expand on the statute, reform the statute, or undo parts of the statute. The policy work that you will undertake is a necessary response to the policy scenario described below.

**The Scenario:** The world has been ravaged by a virus that has changed the face of social interactions, business, communication, education and more. Further complicating matters, multiple hurricanes, wildfires, droughts, and other natural disasters have been impacting communities that are already facing difficulties from prior situations. The Government must act and you as legislators must forge a path forward. The President (a Democrat) has proposed a stimulus package to bring relief to individuals and to make it easier for businesses to operate. Republican and Democratic leadership in the Senate and the House are working on addressing the disasters as well and they have turned to their respective committees and caucuses for solutions.

## **Objectives for the Simulation**

- Understand how policy and the law are constructed and revised over time.
- Identify information sources – original sources for the truth about the legislative history of a law.
- Synthesize knowledge about policy history, policy process, and political realities to identify strategies for achieving desired policy outcomes.
- Develop legislative language to update or revise a statute.

## **Task**

- You will work in (assigned) 3-person teams to research a specific law.
  - *Note: In the real world, individuals are often assigned to specific work teams and do not have the luxury of choosing their team. The ability to collaborate productively and effectively is an important professional skill to develop and exercise.*
- Identify the stakeholders for this specific policy and understand their role in the process.
  - Who are the major proponents/opponents of the policy?
  - Who are the key legislative brokers, i.e. the actors who are responsible for advancing or delaying the policy process? At what stage in the policy process do they have the most power?
  - Who are the stakeholders who are (dis)advantaged with your proposed revisions or policy?
- Understand the politics of the process for adoption or stalemate of the policy.
- Draft legislative language.
  - What are improvements or necessary revisions to the law? Alternatively, what are other policy problems within your committee’s jurisdiction for which you would like to propose a legislative solution?
- Develop effective advocacy strategies
  - Prepare materials and arguments to use to persuade policymakers and stakeholders to pass your legislative proposals into the law.
  - Understand how to persuade effectively.

### **NOTE: Pay attention to details!**

Failure to follow directions will result in point deductions from your work.

Each of the 3 members of the group will receive **the same grade** for team assignments. Students are encouraged to consult regularly with their lecturers and Dr. Chin about these assignments.

**Late assignments will be penalized! Nevertheless, lecturers also have discretion to offer options for revising and resubmitting assignments up to the date of the policy simulation events.**

### **Grading Scale**

A (94-99)	A- (90-93)	B+ (88-89)	B (84-87)	B- (80-83)
C+ (78-79)	C (77-70)	D (60-69)	F (59 or lower)	

Midterm grades will be posted by **March 12, 2021**. Final grades will be reported to your home UT System institution by **April 30, 2021** and posted in accordance with their respective grade submission deadlines.

Note: UT System campuses vary in their use of the +/- grading scale. Grades for students enrolled at campuses that do not follow this system will be reported as follows: A (90-99), B (80-89), C (70-79), D (60-69), F (59 or lower).

## Course Policies

**Make-up exams:** No exams.

**Late Work:** No late work accepted without prior discussion with Dr. Chin or your lecturer.

### Class Attendance

**Tardies & Absences** – Students are expected to be in **class by the posted start time (for most classes, this is 6:30 p.m. EST)**. Students who find themselves unable to attend class (or the discussion sessions) or who may be delayed due to personal or professional circumstances *beyond their control* should inform Dr. Chin as soon as possible (preferably *prior to class*).

### Classroom Citizenship

- Students who participate in class at the Archer Center on their assigned night are expected to abide by the Center’s public health and safety rules. Violation of these rules will be considered a violation of the UTD Student Code of Conduct, and may also be grounds for disciplinary action.
  - Students may only visit the Archer Center on the date and time that they are scheduled to attend class, unless prior arrangements have been made with relevant staff or faculty.
  - Any staff, faculty or student who wishes to visit the Archer Center is also required to complete a daily health screen no more than 1-2 hours prior to arrival at the Archer Center. This is the same screening required of all students, staff and faculty on the UT Dallas campus. Any individual who reports any COVID-19 symptoms on the daily health screen is expected to quarantine at home.
  - On class nights, the Archer Center staff will meet students in the building lobby to verify the students’ daily health screen before sending the students to the office suite. This secondary health screen will also include a temperature check and verification that the student is wearing a face mask. If there are insufficient Archer Center staff available to perform the lobby screening procedures in advance of any in-person meeting at the Archer Center, then such events will be shifted to virtual delivery only.
  - Inside the Archer Center, each individual is required to wear a face covering (this includes a face mask and face shield while in the classroom).
- Decorum and professionalism are expected in the classroom and online at all times. Respect for the professor, classmates and their opinions, guest speakers and their opinions, and Archer Center staff are also required. The professor reserves the right to deduct points from class participation should any improprieties occur throughout the course of the semester.
- During any sessions with guest speakers, **students are expected to be “On Camera” and paying attention to the speaker.**
  - WHY? When we’re not giving our full attention to our guests, we can leave them with the (incorrect?) impression that we don’t care about what they are saying. We look distracted. We look disengaged. We look disconnected.

### Comet Creed

*This creed was voted on by the UT Dallas student body in 2014. It is a standard that Comets choose to live by and encourage others to do the same: “As a Comet, I pledge honesty, integrity, and service in all that I do.”*

If you wished to defeat this member of Congress in the next election, what are some important factors to consider—e.g. the incumbent's strengths and vulnerabilities? Proofread carefully to ensure the document is grammatically correct and clearly written. Remember that you are getting to know the Member of Congress (MOC) that you will be playing. This memo will be your reference for playing your persona, so make it useful (for yourself). What do you want to make sure you remember about this MOC? Include a paragraph that describes and analyzes the ways that your own views either align with or differ from your MOC persona. This exercise will help you better understand the MOC and should not be seen as your personal endorsement of their values/ideology. **Email your completed document to Dr. Chin and your assigned lecturer by 11:59 pm ET on Jan. 28, 2021.** Points deducted for work that is late, sloppy, incoherent or poorly organized. This is worth 10% of the semester grade.

### Policy Simulation Assignments

\_\_\_\_\_ **Background & Analysis Memo (2-3 pages):** In this memo, each 3-person team must demonstrate that you understand why the law was adopted and the policy problem that it sought to resolve. This is worth 25% of the semester grade. **It is due by noon ET on Feb 8, 2021. Email the document to your lecturer (and copy Dr. Chin).**

- Your team should provide a brief summary of the legislative history of the bill. Who were/are the stakeholders that were/are affected by the bill? Who were the legislative champions/foes of the bill? How did the bill change during its advancement through the legislative process? What were the compromises and amendments that were adopted?
- Your team must also analyze the law to determine if it solves the problem it was intended to solve. What are the costs/benefits of the law? Who benefits and who is disadvantaged by implementation of the law? What governmental policy actors are responsible for the adoption/implementation/enforcement of the law? Has the law created new problems (unintended consequences) that require a federal solution?
- Your team must explain what revisions or changes to the law are necessary. Provide the rationale/arguments and talking points that justify the revisions that you're proposing. In the memo, also consider how to respond to critics and opponents of the policy you're proposing.

\_\_\_\_\_ **Hearing Staff Memo:** Each student will be required to **write a brief memo** that articulates the policy positions that *their Member* would take on the law, and the Member's concerns about the law and revisions to address their constituency. This is worth 10% of the semester grade and the *final draft* is **due by noon ET on Feb. 15, 2021 or the deadline established by your lecturer. Email the document to your lecturer (and copy Dr. Chin).**

- Write the memo as if you are a staffer who is advising your Member Persona. In this memo, describe the arguments or rationale for the member's position on the proposed policy.
- Why should the member support/oppose the proposed policy?
- Are there philosophical reasons for the member to support/oppose the proposed policy?
- Who are the other members that support/oppose the policy? Does your Member look to anyone else for decision cues about this policy?
- How does the policy impact the member's constituency? What is the electoral impact of the proposed policy?

\_\_\_\_\_ **Mark-up Memo (including Legislative Revision/Improvement and Persuasive Advocacy Materials):** Each individual student works with their lecturers to develop specific recommendations for improving the bill that *their Member persona* would prefer. The draft of legislative language and advocacy materials are worth 15% of the semester grade for the course, and **are due by 11:59 pm ET on Mar. 8, 2021 or the deadline established by your lecturer. Email the document to your lecturer (and copy Dr. Chin). Copies of your legislative language must also be shared with the chair and ranking member of your committee by this deadline.**

- You should provide a draft of the specific legislative language to be debated during the policy simulation.
- You should provide some advocacy materials (e.g. talking points, letters, op-eds, etc.) to be used to persuade policymakers to support your policy proposal, and/or to refute opponents of your proposal.

Wear professional dress! This is worth 5% of the semester grade for this course.
