Course Description and Objectives
Written constitutions define the powers and responsibilities of government while simultaneously establishing the limits of government. To better understand these concepts, this course is designed to provide an introductory analysis and evaluation of the political systems established by both the U.S. and Texas constitutions. Throughout the course students will:
• Critically examine the philosophical foundations of both political systems by exploring the historical debates and writings that shaped the formation of these documents.
• Distinguish and identify the key differences and similarities between the three branches of government at the National and State level.
• Appraise current events (at both the National and State level) to highlight the applicability and importance of both constitutions in today’s society.
• Consider the formation of partisan preferences and how evaluate how partisanship has shaped Texas into a one-party state and the consequences of this affiliation.

Credit Hours: 3; Prerequisites: None

Required Texts
2) Additional required readings will be posted in Canvas.

Requirements, Dates, and Grades
Success in the class will require you to have the ability to login to Canvas regularly (i.e. daily), as Canvas will be the medium used to deliver the class content (lectures, readings, exams/quizzes, etc.). Further, this course’s brevity ensures that it will be reading/work intensive. Since we do not “meet” for class in a traditional face-to-face format, completing the required assignments should not be too daunting as they are structured to allow you to work at your own pace. In both Canvas and the syllabus, the due dates and times for every assignment is listed; please play close attention to all due dates AND times for these assignments.

To ease completion and distribution of course material, the course is organized into 11 content modules. Beginning with Module 1, students will need to complete the assigned readings, view all posted content (e.g. lectures, short videos), and complete various assignments within a given module in order to proceed to the next module. Canvas allows you to save your progress, so that you do not have to complete a given module in one sitting.

Each module is structured as follows:

Module Content
1) Learning Objectives
   • Brief overview of the learning objectives of the module.

2) Readings and Content
   • Readings, and the Reading Schedule, can also be found in the Course Outline and Readings section of the syllabus (Pages 10-14).
• All readings that do not come from the Required Text for this class can be found in their respective module. In the Course Outline and Readings section, these readings are marked as being located on Canvas.

3) Video Lecture(s)
• Each module contains a video lecture(s) concerning the readings and related content.

4) Review Questions
• Students will be provided review questions about the respective module content. Answering these questions will not count towards your final grade; however, they will serve as the basis for your review for Exam 1, Exam 2, and the Final Exam (not to mention, they will help you prepare for the Module Quizzes). Therefore, keep track of the questions and be able to answer them. If you should have any questions, please do not hesitate to email me for help/clarification.

5) Module Quizzes
• At the end of each module, a quiz will be distributed.
• These quizzes will cover all information that should have been read/viewed for the module.
• You only have one shot at them (you will be unable to stop, restart, etc.). Open and take a Module Quiz when you have finished reading and viewed all the content of each module.
  o Carefully follow the directions provided.
  o These quizzes WILL count towards your final grade. A total of 11 quizzes will compose your Module Quiz grade. Therefore, only begin once you have completed the module content.
  o You will be unable to begin the next module until you have completed the previous module’s quiz.

Exams
Exam 1, Exam 2, and the Final Exam will be delivered, online, on the dates specified below and each exam will consist of a combination of True/False and multiple-choice questions. Please carefully read the instructions provided for each exam, paying close attention to when the exam will be open and when it is due. This information can also be found in the Course Outline and Readings section of the syllabus.

Importantly, you will only have one chance to complete each exam (e.g. you are not allowed to stop, save, and finish later). These exams will only cover readings and course materials prior to the date of the exam (i.e. no exam in this course is cumulative). Consequently:
• Exam 1 will test your comprehension of course material from June 3 – June 13
• Exam 2 will test your comprehension of course material from June 13 – June 25
• The Final Exam will test your comprehension of course material from June 25 – July 6

This comprehensive exam will be available to students that want the opportunity to replace their lowest, non-0 exam grade with the grade they receive on this comprehensive exam. I cannot stress enough, this is an optional exam and it will not affect a student’s final grade if they do not take it. More information on this comprehensive exam will be provided as the semester progresses.*

Policy Concerning Canvas and Submitting Assignments
The Professor is conscious to the fact that Canvas can be unreliable at times. If you are having trouble posting in the discussion forums, accessing posted readings, or submitting an assignment, please inform me about the issue immediately. All times listed in this syllabus correspond to the Central Time Zone, since this corresponds with UT-Tyler’s time zone. Late exams will be penalized a letter grade for each day they are late and none will be accepted after Sunday, July 7, 2019.

If any conflict (other tests, travel plans, etc.) with an assignment’s due date exists that you feel will not allow you to complete the assignment on time, notify me of your situation by Friday, June 7, 2019. Be advised that allowances (e.g. extensions) will only be given in extreme cases with my discretion as to what I define as extreme. Late assignments will only be accepted, without penalty, in the case of an unforeseen event, such as a sudden emergency (death in your family, illness, etc.), or if you have an approved absence by the Dean of Students (see also: Student Absence for University-Sponsored Events and Activities and Student Absence Due to Religious Observance sections of the syllabus).

Class Conduct and Threatening Behavior
Given the nature of political discourse, some of the topics discussed and debated in class may be sensitive to some students. It is expected that students, regardless of the subject matter, maintain
civility in their class comments and online interactions. The University and the Professor seek to promote a safe environment where students may participate in debates, discussion, and other objectives concurrent with the educational process without compromising their health, safety, and welfare. Concurrent with this ideal, mutual courtesy and respect should govern all classroom conduct (both in-class and online). Therefore, threats of physical harm or verbal abuse will not be tolerated in this class.

**UT-Tyler Honor Code**

Students who anticipate being absent from class due to a religious observance are requested to inform the Professor of such absences by the second class meeting of the semester.

**Student Standards of Academic Conduct**
Disciplinary proceedings may be initiated against any student who engages in scholastic dishonesty, including, but not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

**Grade Replacement/Forgiveness and Census Date Policies**

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at: http://www.uttyler.edu/registrar. Each semester’s Census Date can be found on this syllabus, the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.
Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

The Census Date for this semester is Thursday, June 6, 2019.

State-Mandated Course Drop Policy
Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Social Security and FERPA Statement
It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation
Everyone is required to exit the building when a fire alarm goes off. Follow your instructor’s directions regarding the appropriate exit. If you require assistance during an evacuation, inform
your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
