Politics of Eastern Europe

SYLLABUS

In 1945, Eastern Europe laid in ruins, the collective action of more than four years of total war. The international political hegemony of Europe had been shattered, and the new superpowers, the United States and the Soviet Union had already supplanted Europe as models of political and economic development. Eastern Europe had been enslaved by the Soviet Union, having a Stalinist political and economic model imposed on it. While the rest of Europe experienced a remarkable phase of economic and political resurgence, characterized by high and rapid industrial growth, collective affluence, and effective parliamentary governance, Eastern Europe experienced a time of economic stagnation and political repression.

Today, after the collapse of the Soviet Union, Eastern Europe is on the road to recovery. While the economic transition from a Soviet type economy to a market oriented economy is still taking place and democracy is still struggling to survive, Eastern Europe is becoming a part of Europe and the Western world one more time. From NATO to the European Union, Eastern European countries are even becoming a part of the Western alliance, which should guarantee a prosperous and secure future.

This course will offer a survey of Central/Eastern Europe by analyzing six Eastern European countries. Each country’s history and political, social, and economic structure will be analyzed and then projections for its future will be made.

After successfully completing this course, students should be able to demonstrate:

- familiarity with terminology used to study Political Science and Comparative Politics

Grade Replacement/Forgiveness and Census Date Policies
Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at [http://www.uttyler.edu/registrar](http://www.uttyler.edu/registrar). Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.
Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.
The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:
· Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
· Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
· Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
· Being reinstated or re-enrolled in classes after being dropped for non-payment
· Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy
Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).
Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
