**Required Textbooks**

*Note: A student at UT-Tyler is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.*

**Recommended Textbooks**

**Preparation & Participation**

*Attendance* – While it is strongly recommended that you do not miss any classes, you are permitted to miss one class (2.5 hours) with no penalty. If you are going to miss a class, it is expected that you will notify the professor ahead of time. With a second absence, you will receive a one-letter grade deduction from your final grade in the course (e.g., A → B) unless you write a letter to the instructor that explains extenuating circumstances for both absences. The instructor will then decide if both the first and the second absences are excusable. Each subsequent absence will result in the drop of a letter grade.

*Class Punctuality* - Students are expected to attend classes on time. Students who are consistently late at the beginning of class will have points deducted from their participation grade. Late behavior in excess of one class will result in a drop of attendance and participation points for each incident.

*Participation* - Participation is an essential component of this class. Students are expected to come to class fully prepared to actively participate in class activities and discussions. During class students will be provided with opportunities for dialogue, questions, and to engage in activities related to course content. In order to receive full participation points for this course, students will need to stay engaged during class time and regularly participate in class discussion and activities.
Graded Course Assignments

Professional Identity Paper (100 points: Content = 75, APA/Grammar = 25)

For this assignment take some time and reflect on the following questions (see below). After reflecting, write a thoughtful paper that explains your responses to each question. It is essential for this assignment that you can demonstrate reflectiveness, honesty, and self-awareness in your written response. Your paper should be written in APA format and be 5-7 pages (including a title page) in length.

1. What has brought you to the field of counseling?
2. Comment on your guiding values, principles, and beliefs.
   a. Where did your values, principles, and beliefs come from?
   b. How might they influence your practice as a professional counselor?
3. What areas of personal growth will be important for you to address during your process of becoming a counselor?
4. What professional work setting and/or populations would you like to work with?
5. Describe attributes that you believe are most important for a counselor to possess. Explain how you believe these attributes are beneficial to the work that counselors do.

Midterm Exam (75 points)

The midterm will be an in-class examination that is based on assigned readings and in-class discussions/activities.

Current Issues Project (75 points: Presentation 50 points, APA format references = 25)

It will be your task to explore a current issue in the field of counseling and report it to your classmates. Topics may deal with (but are not limited to) issues pertaining to ethics, licensure, professional identity, testing, or multicultural awareness/concerns. The most effective way to find out about current issues is to explore current literature, search the web, and by talking with counseling professionals.

Once you have identified a specific issue that you would like to explore please have your topic approved by the instructor. Once your topic is approved, you will conduct an in-depth literature review and construct a presentation for your classmates. Each presentation should be between 10-15 minutes in length and will provide an overview of the issue. As you will have a relatively short period of time to present, your presentation style should be casual and conversational (i.e., do not use a powerpoint unless it is essential).

You should be prepared to answer questions on your topic by the instructor and your classmates. Each presentation must include an APA formatted reference list of at least five scholarly articles used for the presentation. Scholarly articles are defined as peer reviewed journal articles and books that are relevant to the fields of counseling and psychology.

**Note: For group assignments, it is understood that each student whose name is included on the final product has contributed to that product in an appropriate manner, and each member of the group is responsible for the final product as a whole, regardless of their individual contributions.**
Interview of a Professional Counselor (100 points: Content = 70, APA = 20, Class Presentation 10)

You will conduct an interview with a professional counselor who meets the following criteria: (1) are currently licensed as an LPC or LPC-S in Texas, and are (2) working as a professional counselor in a community agency, hospital and/or outpatient clinic, college counseling center, private practice, or school counseling setting.

You should contact the counselor and set up a time to conduct an interview (note: it is probably advantageous to contact the counselor by phone rather than email). When you contact the counselor, you should inform them that you would like to interview them for your graduate level course Foundations and Ethics in Clinical Mental Health Counseling at UT Tyler. Let them know that you are required to write a paper from your interview. In the paper you should include response to the following items:

1. The person’s name, degree, school from which they graduated, the year in which they graduated, the type of license they hold, and the professional associations to which they belong.
2. Their work history, where they are currently employed, their current job title, a description of their current work, and a description of what they enjoy most about their work.
3. What (if any) differences exist between how they see their work as counselors, and co-workers who are from other helping professions (e.g., social workers, psychologists, psychiatrists, etc.).
4. A description of how they collaborate and communicate with other mental health providers.
5. The roles and responsibilities they have as a member of an emergency and/or crisis response team.
6. A summary of the most meaningful learning(s) you experienced from conducting the interview.

**Note: you are not limited to only asking your interviewee these questions. Be prepared to ask follow up questions and other related questions, in order to facilitate a good dialog with your interviewee.**

Your paper should be 5-7 pages (i.e., a title page, and at least 4 solid pages of text).

After you have completed your paper you will be asked to briefly present your findings to the class. Your presentation should be brief (approximately 5 minutes in length).

Final Exam (100 points)
The final exam will be an in-class comprehensive exam that is based on assigned readings and in-class discussions/activities.

Participation & Attendance (50 points)
A portion of your grade (i.e., 50 points) will depend on your level of participation during class each week. Attendance means arriving for class on time and staying for the duration of the class and remaining focused on the class for the duration of the class meeting. Participation means preparing for class by reading required texts/materials, periodically entering into class discussions with informed and relevant comments/questions, and participating in class activities. A student who rarely or never participates in class discussions/activities may receive a grade reduction despite attendance.
**Requirements/Grading**
During the semester, you will have opportunities to earn up to 500 points. Grading is on the following scale: 100% - 90% = A; 89% - 80% = B; 79% - 70% = C; 69% or less = F. You must obtain an A or a B to receive credit for passing this course.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated (For Spring the Census date January 29). Grade Replacement Contracts are available in the Enrollment Services Center or at http://www.uttyler.edu/registrar. Each semester’s Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

• The Census Date (Jan. 29) is the deadline for many forms and enrollment actions of which students need to be aware. These include:
• Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
• Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
• Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
• Being reinstated or re-enrolled in classes after being dropped for non-payment
• Completing the process for tuition exemptions or waivers through

Financial Aid  State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
