As an advanced doctoral seminar, this course is designed to assist learners in the preparation of their dissertation research proposal by integrating learning in all earlier courses. The focus will be on developing the first three chapters of a dissertation, from identifying research problems to defining research questions in Chapter 1, to literature analysis and synthesis for research gap in Chapter 2, and to research method selection and research planning in Chapter 3.

### Prerequisite:

Learners should have successfully completed HRD 6350, HRD 6312, and at least one quantitative and qualitative research methods course, respectively, prior to enrolling in this course.

### Learning Objectives:

Upon completion of the course, learners should be able to:

- Describe the research process;
- Outline the components of a dissertation;
- Determine and justify a research topic of importance in HRD;
- Identify an appropriate theoretical base for their research;
- Develop a conceptual model relevant to their research;
- Write the first three chapters of their dissertation;
- Identify and reduce/eliminate barriers that may interfere with the development of a high-quality dissertation proposal.
- Develop and follow an appropriate timeline for completion of their dissertation;

- Produce an acceptable draft of the dissertation proposal consisting of first three chapters of their dissertation by the end of the course.

**Attendance and Make-Up Policy:**

Attending all five class sessions is expected and required for successful completion of learning objectives. No absent is expected in normal situation as each session constitutes 20% of classroom learning. If emergency occurs, it is your responsible for contacting the instructor in advance for permissions of alternative arrangements so that adjustments can be made to the instructional activities planned for a specific session. You are also responsible for all work that is missed due to absent from any class meeting, or portion of it. Since a portion of your grade is based upon class participation and engagement, it should be expected that any missed classes will affect the grade earned for class participation, and will affect the final course grade. One absence is likely to result in a final grade that is one letter grade lower for reasons other than documented illnesses or emergencies. Two or more absences from class will result in a grade of F. Please Note: excused absences for religious days, university authorized sports activities, or active military services are permitted according to the policies outlined in the UT Tyler Graduate Handbook.

**Class Engagement and Participation**

## **5. Reading Circle Activities (10%)**

A required and a supplemental reading list are provided in the syllabus for an assignment that requires all participants to form 3 groups of 3 members (1 group for 4) per group to discuss aspects of the selected book(s) that provide tips, insights, and possibly different perspectives about the literature review, proposal development process and the overall dissertation journey. Although it is optimal and preferred that all group members consider reading the entire book selected, it is possible that the members of the reading circle/book club group may elect to divide the reading of chapters among the members. However, it is expected that the full book selected will be covered and that insights gleaned from the specific textbook are provided. An in-class group presentation on "tips," "insights/guidance", "key learnings," "ideas," will be conducted during a class session.

## **6. Active Class Engagement and Participation (10%)**

Active class engagement includes attending all sessions, thoroughly preparing for all class meetings, and being actively involved in all class activities to share your thoughts on issues under discussion or analysis, both facilitated in class and in online format. Being present, being prepared, being respectful, and actively and thoughtfully engaged are critical aspects of this component of the final grade.

## **7. Fish-bowl Activities: Mock Proposal Defense (3%)**

- a. **Option One:** For traditional chapter format, you present your three chapter
- b. **Option Two:** For paper format, you present your three paper structure and demonstrate the relationship of the papers.

## **Writing Style**

All writing assignments are to follow APA style with 1” margins on all sides, double-spaced, 12 font-size Time New Roman, and left justified.

Scholarly writing takes time and effort. You may seek writing assistance in the UT Tyler Writing Center. A rule of thumb for this type of writing is to avoid colloquial or oral language, e.g., spell out “cannot” instead of “can’t” and avoid IM language such as LOL, OMG, etc.

## **Academic Dishonesty Statement**

Academic dishonesty, such as unauthorized collusion, plagiarism, and cheating, as outlined in the Handbook of Operating Procedures, University of Texas at Tyler, will not be tolerated. University regulations require the instructor to report all suspected cases of academic dishonesty to the Dean of Students for disciplinary action. In the event disciplinary measures are imposed on the student, it becomes part of the students’ official school records. Also, please note that the handbook obligates you to report all observed cases of academic dishonesty to the instructor.

## **Dress Code**

In an attempt to avoid defining a rigid dress code, I simply ask that you come to class respectfully dressed. This program is housed in the Soules College of Business, as such we are held to a higher standard. Please be aware that while in this program the Provost, Dean or other guest speakers may present without notice.

### **State-Mandated Course Drop Policy**

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the 12th day of class (See Schedule of Classes for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Registrar's Office and must be accompanied by documentation of the extenuating circumstance. Please contact the Registrar's Office if you have any questions.

### **Disability Services**

In accordance with federal law, a student requesting accommodation must provide documentation of his/her disability to the Disability Support Services counselor. If you have a disability, including a learning disability, for which you request an accommodation, please contact Ida MacDonald in the Disability Support Services office in UC 282, or call (903) 566-7079.

### **Student Absence due to Religious Observance**

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class of the semester.

### **Social Security and FERPA Statement:**

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

### **Emergency Exits and Evacuation:**

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do Not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.
