## RESEARCH OPPORTUNITIES

UT Tyler students contribute to advancements in their fields of interest through research as early as their freshman year. You will have the opportunity to work alongside professors like Dustin Patterson, PhD in biochemistry, who is developing cell-specific drug delivery strategies in the fight against cancer, or Amy Hayes, PhD in psychology, who is researching the interaction between emotional intelligence, gender and academic achievement.

### SAVE THE ENDANGERED

Faculty and students explore new ways to save endangered species in the Center for Environment, Biodiversity and Conservation. Projects include the work of biology professors Lance Williams, PhD, Joshua Banta, PhD and Katrina Kellner, PhD to investigate factors causing the extinction of freshwater mussels, which play a significant role in keeping Texas' waterways clean.

### BUILD VIDEO SYSTEMS

Students assist electrical engineering professor Jounsop Park, PhD in developing new systems to deliver high-quality 360-degree video streaming in the field of virtual reality. Their goal is to improve the multimedia user experience.

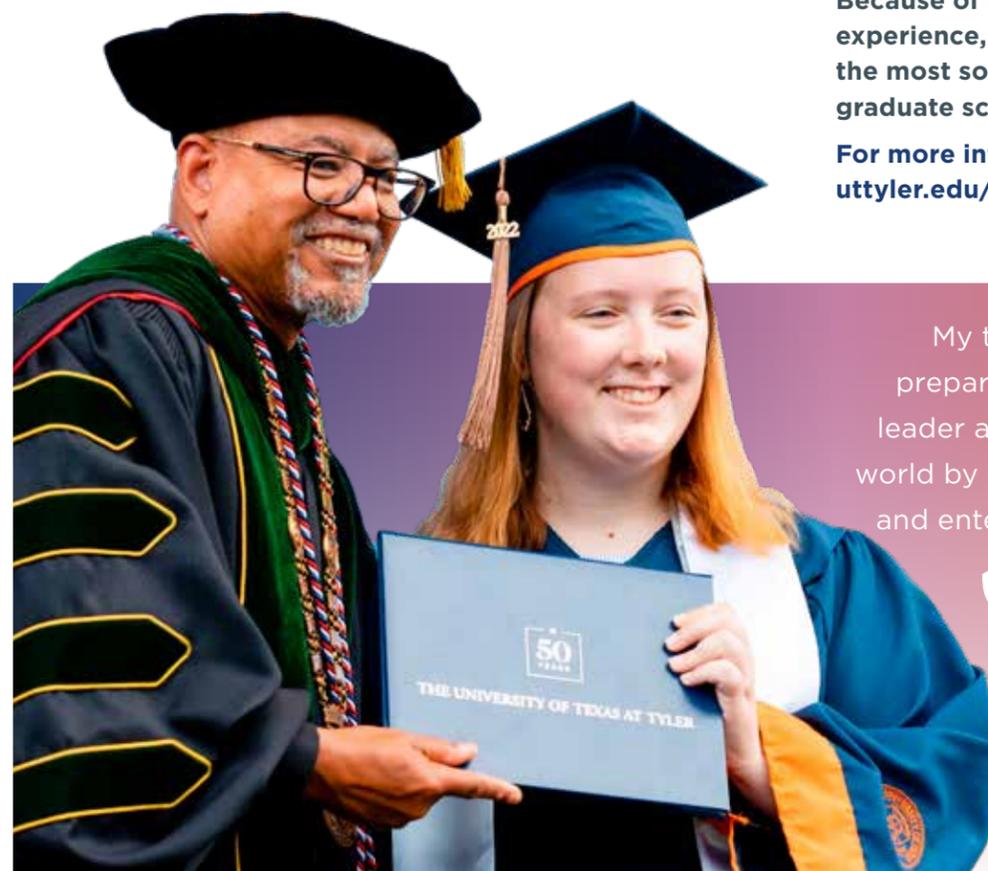

## HONORS COLLEGE

The UT Tyler Honors College provides intellectually challenging and innovative experiences for students who love to be challenged and stimulated by new ideas, ways of thinking and interdisciplinary opportunities.

As an Honors student, you will take seminar-style classes and engage with outstanding leaders, scholars and lawmakers. You'll get to make your mark through research, writing or creative endeavors, and travel opportunities.

Because of their enhanced collegiate experience, Honors graduates are among the most sought-after by employers and graduate schools.

For more information, please visit [uttyler.edu/honors](http://uttyler.edu/honors)

My time at UT Tyler has prepared me to become a leader and help change the world by going to law school and entering the legal field.

We believe student success is the ultimate goal of higher education. The path to success is unique to every student, so we work hard to support your specific needs to accomplish your goals.

### CAREER SUCCESS CONFERENCE

The Career Success Conference allows business and industry leaders to share their experiences and wisdom with students. More specifically, the conference is designed to help you build the personal and professional capacities necessary for career success. With interactive lecture sessions, our students engage with industry leaders and learn how to build and develop core traits of career success.

### CAREER SUCCESS COACHES

Our career coaches are committed to one thing: helping you discover a career you love! With a coach dedicated to each college, they can help you with job and internship searches, resumes, cover letters, career exploration, interviews or just general career guidance.

### CAREER FAIRS

Explore job opportunities in your field of choice by attending a career fair on campus. Several fairs take place annually to allow students to visit with regional, national and international employers about internships and careers.

### WORKSHOPS

From resume writing to networking, we offer workshops are offered on a variety of career development topics to refine your skills and guide you down the path to success.
